ADMINISTRATION AND IMPLEMENTATION OF TARIFF RATE QUOTAS

SUB-SECTION 1

HORIZONTAL PROVISIONS ON THE MANAGEMENT OF TARIFF RATE QUOTAS

1. The administration of tariff rate quotas (hereinafter referred to as "TRQs") under this Agreement shall be as conducive to trade as possible. Each Party shall administer the TRQs established under this Agreement in a transparent, objective and non-discriminatory manner.

www.parlament.gv.at

2. Administration of TRQs shall be minimally burdensome to businesses and each Party shall make every effort to administer its TRQs under this Agreement in a manner that allows importers to fully utilise TRQ quantities. This includes making publicly available, in a timely manner, all relevant information concerning the administration of TRQs, including the available quantities, the eligibility criteria, related documentary requirements, the calendar for applications and allocations, as well as the modalities of the allocation of the TRQ quantities.

3. Each Party shall notify the other Party of the entities responsible for administering its TRQs promptly after EIF or after any change of the responsible entities.

4. Any quantity of originating goods imported under a TRQ established under this Agreement shall not be counted towards the in-quota quantity of any TRQ provided for those goods under the importing Party's WTO Tariff Schedule or any other trade agreement.

5. If the date of EIF is a date other than 1 January, the aggregate quantity of a TRQ for year 1 shall be calculated as a proportion of the aggregate annual quantity set out in Section C (Notes to the Schedule of tariff commitments of the European Union) or Section D (Notes to the Schedule of tariff commitments of India) equal to the number of days remaining in year 1 divided by the total number of days in year 1. In all subsequent years during which the TRQ is in operation, the full aggregate annual quantity for each TRQ shall be available from 1 January except if otherwise provided for in this Annex.

www.parlament.gv.at

6. The Committee on Trade in Goods, established pursuant to Article 18.3(1) (Specialised committees), may review the management of TRQs at any time.

7. If a matter arises concerning TRQs, a Party may request the other Party in writing to:

(a) hold a meeting of the Committee on Trade in Goods; or

(b) promptly provide specific information relating to the TRQ or TRQs concerned, and respond to specific questions.

SUB-SECTION 2

MANAGEMENT OF TARIFF RATE QUOTAS
FOR AGRI-FOOD PRODUCTS

1. The management method for the TRQs of the European Union related to goods originating in India referred to under paragraphs 6 to 22 of Section C (Notes to the Schedule of tariff commitments of the European Union) shall be either the "first-come, first-served" or the simultaneous examination method for allocation of TRQ quantities.

2. The management method for the TRQs of India referred to in paragraphs 3 to 7 of Section D (Notes to the Schedule of tariff commitments of India) shall be the simultaneous examination method for allocation of TRQ quantities.

www.parlament.gv.at

3. The simultaneous examination method for allocation of TRQ quantities referred to in paragraphs 1 and 2 of this Sub-Section shall be based on the following criteria:

(a) for the first TRQ application period of each year, the information referred to in paragraph 2 of Sub-Section 1 (Horizontal provisions on the management of tariff rate quotas) of Section B (Administration and implementation of tariff rate quotas) should be made public at the latest three months before the first day of the year, except for the first year of EIF where it should be made public within two weeks after the EIF;

(b) the TRQ quantities shall be allocated before the first day of each year among eligible applicants. Exceptionally, for the first year of the EIF, the allocation decisions shall be made public at the latest within 45 days after the EIF;

(c) the TRQ allocations shall remain valid throughout the whole year, until the exhaustion of the quantity allocated, except when otherwise specified in paragraphs 6 to 22 of Section C (Notes to the Schedule of tariff commitments of the European Union);

(d) if the quantities applied for exceed the total available quantity under each TRQ, the available TRQ quantities shall be allocated among all eligible applicants proportionally to the quantity that each eligible applicant has requested;

www.parlament.gv.at

(e) where there is a risk that fully proportional allocation according to point (d) would result in allocation of commercially non-viable quantities, the concerned Party should take measures to reduce that risk, such as setting a maximum admissible quantity per application. The measures should be published in accordance with paragraph 2 of Sub-Section 1 (Horizontal provisions on the management of tariff rate quotas) of Section B (Administration and implementation of tariff rate quotas);

(f) if the quantities applied for are below the total available quantity under a given TRQ, each eligible applicant for that TRQ should be allocated the requested quantity, and the remaining available quantity should be made available for filing of applications;

(g) applicants should be authorised to return in whole or in part the TRQ import licences allocated to them, before a certain date, allowing for reallocation in the same year;

(h) in case TRQ allocations are transferable, the rules applicable to such transfer should be communicated before the start of the year in accordance with paragraph 2 of Sub-Section 1 (Horizontal provisions on the management of tariff rate quotas) of Section B (Administration and implementation of tariff rate quotas);

(i) when an importer from India fails to import a significant share of the quantity allocated to it under a TRQ opened by India in a year, the competent authority shall, in determining that importer's allocation for the subsequent year, except for the first year of implementation of the Agreement, take such under-utilisation into account. For the purposes of this paragraph, unused TRQ quantities below 20 % of allocated quantity shall not be deemed to constitute a significant share; and

www.parlament.gv.at

(j) when an importer from the European Union fails to import all or part of the TRQ quantity allocated to it under a TRQ opened by the European Union, it remains subject to the applicable rules on the forfeiture of securities and the calculation of the reference quantity may also be impacted when relevant.

4. The first-come, first-served method for allocation of TRQ quantities referred to in paragraph 1 of Sub-Section 2 (Management of tariff rate quotas for agri-food products) of Section B (Administration and implementation of tariff rate quotas) shall be based on the following criteria:

(a) without prejudice to paragraphs 6 to 22 of Section C (Notes to the Schedule of tariff commitments of the European Union, the TRQs are opened and managed on an annual basis and allocated daily on working days from the first day of the year except for in the case of the first year of implementation of the Agreement where such allocation shall be from the date of EIF, until such quota is exhausted;

(b) the supporting documents shall be in the applicant's possession and at the disposal of the customs authorities at the time when the customs declaration is lodged;

(c) TRQ quantities shall be allocated in accordance with the chronological order of the dates of acceptance of customs declarations for release for free circulation by the customs authorities of the importing Party. Such allocation shall take into account requests to benefit from TRQ related to customs declarations accepted until two working days prior to the day of the allocation; and

www.parlament.gv.at

(d) where the sum of TRQ quantities of all requests to benefit from a TRQ which relate to declarations accepted on the same day exceeds the available TRQ quantity, the allocation shall be done on a pro rata basis with respect to the requested quantities.
