3. PURPOSE OF THE PROPOSAL

The programme aims to contribute to protecting the health and safety of citizens through specific actions in the field of health. It enables the EU to complement, support and add value to the policies of the Member States and thus contributes to increased solidarity and prosperity in the EU by protecting and promoting human health and safety and improving public health. The programme for 2007-2013 will have three main objectives: to improve citizens' health security, to promote health, and to generate and disseminate health information and knowledge.

These objectives shall be achieved through a combination of actions and instruments according to the priorities set out in the annual work plans.

4. OPINION OF THE COMMISSION ON THE AMENDMENTS BY THE EUROPEAN PARLIAMENT

4.1. General

On 10 July 2007, the European Parliament adopted a compromise package which had been agreed with the Council in view of reaching a second reading agreement.

Ways were found to respond to the concerns of the Parliament regarding the text of the Programme, by making modifications to the text, while reflecting the spirit of the Commission modified proposal.

The Commission accepts all amendments. The conclusion of the compromise package has been facilitated by a trilateral declaration which quotes the rules of budgetary flexibility for EU programmes under the Inter-Institutional Agreement (article 37) in favour of the health programme (see annex).

4.2 Amended Proposal

Pursuant to Article 250(2) of the EC Treaty, the Commission amends its proposal as set out above.

ANNEX

TRILATERAL DECLARATION REGARDING THE SECOND COMMUNITY HEALTH PROGRAMME 2007-2013

The European Parliament, The Council and the Commission:

- share the view that the 2nd Programme of Community action in the field of Health (2007-2013) must be provided with financial means that allow fully for its implementation;
- recall Article 37 of the Interinstitutional Agreement on budgetary discipline and sound financial management⁶ stating that the budgetary authority and the Commission undertake not to depart by more than 5 % from the budget unless new, objective, long term circumstances arise for which specific reasons are given. Any increase resulting from such variation must remain within the existing ceiling of the heading concerned;
- assure their willingness to evaluate in a sound manner the specific needs and circumstances of the Health Programme in the annual budget procedure.
