## 7. Organisation of future work

The Presidency informed the SCA on the next SCA meeting on 10 December 2018 and on the "Agriculture and Fisheries" Council meeting on 17 and 18 December 2018. The Hungarian delegation expressed its intention to table an AOB item at that Council meeting, on the BIOEAST conference "Bioeconomy in the forefront of national policies" held in Budapest on 8 November 2018.

The Spanish delegation intervened to express its concern about the possibility of a CAP-related AOB item being raised at the next "Environment" Council.

The Polish delegation noted that the MFF will only be adopted in the second half of 2019 and asked the Commission what the impact would be regarding the CAP reform. The Commission pledged to answer at the next SCA meeting.
