FRESH CUT FLOWERS AND FLOWERS AND FLOWER BUDS
FALLING WITHIN SUBHEADING 0603 10 OF THE
COMMON CUSTOMS TARIFF

A. Letter from the Community

Sir,

The following was agreed between the Community and Egypt:

Protocol 1 of the Euro-Mediterranean Agreement provides for the elimination of customs duties on imports into the Community of cut flowers and flower buds, fresh, falling within subheading 0603 10 of the Common Customs Tariff and originating in Egypt, subject to a limit of 3 000 tonnes.

Egypt undertakes to abide by the conditions laid down below for imports into the Community of roses and carnations which qualify for the elimination of this tariff:

- The price level of imports into the Community must be at least equal to 85% of the Community price level for the same products over the same periods,
- The Egyptian price level shall be determined by recording the prices of the imported products, on representative Community import markets,

- The Community price level shall be based on the producer prices recorded on representative markets of the main producer Member States,
- Price levels will be recorded on a fortnightly basis and weighted by the respective quantities. This provision is valid for Community prices and for Egyptian prices,
- For both Community producer prices and the import prices of Egyptian products, a distinction shall be made between large-flowered and small-flowered roses and between unifloral and multifloral carnations,
- If the Egyptian price level for any one type of product is below 85% of the Community price level, the tariff preference shall be suspended. The Community shall reinstate the tariff preference when an Egyptian price level equal to 85% or more of the Community price level is recorded.

I should be obliged if you would confirm that your Government is in agreement with the contents of this letter.

Please accept, Sir, the assurance of my highest consideration.
