

COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 6.11.2007
COM(2007) 657 final

Proposal for a

COUNCIL DECISION

**on the principles, priorities and conditions contained in the European Partnership with
Bosnia and Herzegovina and repealing Decision 2006/55/EC**

(presented by the Commission)

EXPLANATORY MEMORANDUM

The Thessaloniki European Council of 19 and 20 June 2003 endorsed the "Thessaloniki Agenda for the Western Balkans", which introduced the partnerships as a means of realising the European perspective of the Western Balkan countries.

On 30 January 2006 the Council adopted the revised European Partnership for Bosnia and Herzegovina, based on the Commission's proposal presented on 9 November 2005. The partnerships contain short-term and medium-term priorities. The countries are expected to fulfil the short-term priorities in one to two years.

Therefore the Commission considers it appropriate to present a proposal for an updated partnership for Bosnia and Herzegovina. This renewed partnership is based on the provisions of Council Regulation (EC) No 533/2004 of 22 March 2004 and takes into account the new developments as described in the 2007 Progress Report. It lists short- and medium-term priorities for the country's preparations for further integration with the European Union.

In order to respond to the European Partnership, the competent authorities in Bosnia and Herzegovina should develop a plan with a timetable and specified measures Bosnia and Herzegovina intends to take to this end. The Commission will monitor progress in implementing the priorities regularly.

The European Partnership priorities form the basis for programming the financial assistance of the Community, which will continue to be provided under relevant financial instruments, in particular Council Regulation (EC) No 1085/2006 of 17 July 2006 establishing the Instrument for Pre-Accession Assistance (IPA).

The proposed Council Decision has no financial implications. In view of the above, the Commission invites the Council to adopt the attached proposal for a Council Decision.

ANNEX: BOSNIA AND HERZEGOVINA 2007 EUROPEAN PARTNERSHIP

1. INTRODUCTION

The European Council endorsed the introduction of the European Partnerships as a means to realise the European perspective of the Western Balkan countries. The proposed revised partnership updates the second one, on the basis of the findings of the 2007 Commission Progress Report on Bosnia and Herzegovina. It identifies new and remaining priorities for action. The new priorities are adapted to the country's specific needs and stage of preparation and will be updated as necessary. Bosnia and Herzegovina is expected to develop a plan including a timetable and specific measures intended to address the European Partnership priorities. The partnership also provides guidance for financial assistance to the country.

2. PRINCIPLES

The Stabilisation and Association Process remains the framework for the European course of the Western Balkan countries, all the way to their future accession. The priorities identified for Bosnia and Herzegovina relate to its capacity to meet the criteria defined by the Copenhagen European Council of 1993 and the conditions set by the stabilisation and association process, notably the conditions defined by the Council in its conclusions of 29 April 1997 and 21 and 22 June 1999, the final declaration of the Zagreb Summit of 24 November 2000 and the Thessaloniki Agenda.

3. PRIORITIES

The priorities listed in this European Partnership have been selected on the basis that it is realistic to expect that Bosnia and Herzegovina can complete them or take them substantially forward over the next few years. A distinction is made between short-term priorities, which are expected to be accomplished within one to two years, and medium-term priorities, which are expected to be accomplished within three to four years. The priorities concern both legislation and its implementation.

In view of the need to set priorities, clearly there are other tasks for Bosnia and Herzegovina to complete which may become priorities in any future partnership, also taking into account future progress made by Bosnia and Herzegovina.

Among the short-term priorities, the key ones have been identified and grouped together at the beginning of the list. The order of these key priorities does not imply a ranking in their importance.
