zu 3774/J

GZ: BMG-11001/0363-I/5/2009

Wien, am 11. Jänner 2010

Sehr geehrte Frau Präsidentin!

Ich beantworte die an mich gerichtete schriftliche parlamentarische  
**Anfrage Nr. 3774/J der Abgeordneten Dr. Belakowitsch-Jenewein, Ing. Hofer und  
weiterer Abgeordneter** nach den mir vorliegenden Informationen wie folgt:

**Fragen 1 bis 324:**

Dem Bundesministerium für Gesundheit stehen nur Daten zu stationären  
Krankenhausaufenthalten zur Verfügung. Die beiliegende Tabelle enthält stationäre  
Krankenhausaufenthalte von männlichen Jugendlichen unter 15 Jahren,  
aufgeschlüsselt nach Bundesländern und Krankenhäusern in absoluten Zahlen und  
prozentuellen Anteilen an der Gesamtzahl männlicher Patienten unter 15 Jahren, mit  
folgenden Merkmalen:

- Krankenhausaufenthalte mit Hauptdiagnose „N47 Vorhauthypertrophie, Phimose und Paraphimose, Präputiale Adhäsion, Vorhautverengung“ und medizinischer Leistung „3683 Operation bei Phimose/Paraphimose“
- Krankenhausaufenthalte mit Hauptdiagnose „Z41.2 Zirkumzision als Routine-maßnahme oder aus rituellen Gründen“ und medizinischer Leistung „3683 Operation bei Phimose/Paraphimose“

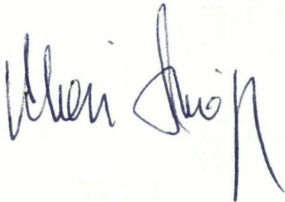

Zur Tabelle bzw. zu den Hauptdiagnosen ist Folgendes anzumerken:

- „Circumcision aufgrund der Diagnose Phimose“ und „Circumcision aufgrund von Erkrankungen des Präputiums und der ableitenden Harnorgane“ sind der Spalte N47 zu entnehmen. Eine Differenzierung ist aufgrund der vorgegebenen ICD10-Codes nicht möglich.

- „Circumcision aufgrund von onkologisch präventiven Überlegungen“ und „Circumcision aufgrund traditioneller-ritueller Gründe“ sind der Spalte Z41.2 zu entnehmen. Eine Differenzierung ist aufgrund der vorgegebenen ICD10-Codes nicht möglich.

Zu berücksichtigen ist, dass es sich bei diesen Daten um stationäre Krankenhaus-aufenthalte handelt. Durch die anonymisierte Datenmeldung ist keine Angabe der Patientenanzahl möglich, weil dieselbe Person mehrere stationäre Aufenthalte haben kann.

Ergänzend darf ich hinzufügen, dass Kosten von Circumcisionoperationen von der sozialen Krankenversicherung ausschließlich im Rahmen einer Krankenbehandlung in medizinisch begründeten Fällen übernommen werden. Operationen aus traditionellen und rituellen Gründen fallen nicht in das Leistungsspektrum der gesetzlichen Krankenversicherung und werden von ihr auch nicht bezahlt. Demgemäß sind auch "onkologisch-präventive Überlegungen" für sich allein noch kein Anlass für eine Kostenübernahme.

Beilage

## stationäre KH-Aufenthalte von männlichen Jugendlichen unter 15 Jahren

N47: KH-Aufenthalte mit Hauptdiagnose 'N47 Vorhauthypertrophie, Phimose und Paraphimose, Präputiale Adhäsion, Vorhautverengung' und medizinischer Leistung '3683 Operation bei Phimose/ Paraphimose'  
 Z41.2: KH-Aufenthalte mit Hauptdiagnose 'Z41.2 Zirkumzision als Routinemaßnahme oder aus rituellen Gründen' und medizinischer Leistung '3683 Operation bei Phimose/ Paraphimose'
