*Remarks*

This appropriation is intended to cover expenditure arising in connection with measures contributing to the completion of the internal market and its operation and development, and measures contributing, in particular, to:

- greater proximity to citizens and businesses, including the development and strengthening of dialogue with citizens and businesses: via measures intended to make the operation of the internal market more effective, and to ensure that citizens and businesses are able to gain access to the most extensive rights and opportunities resulting from the opening up and deepening of the internal market without borders and able to exercise those rights and opportunities in full; and via monitoring and evaluation measures relating to the practical exercise by citizens and businesses of their rights and opportunities with a view to identifying and facilitating the removal of any obstacles which may be preventing them from exercising those rights in full,
- implementing and monitoring the provisions governing public contracts with a view to ensuring their optimum operation and the genuine openness of tenders, including the awareness-raising and training of the various parties to these contracts; the introduction and use of new technologies in the various fields of operation of these contracts; the continuous adaptation of the legislative and regulatory framework in the light of developments arising from these contracts, particularly the globalisation of markets and existing or future international agreements,

- improvement, through the European business test panel (EBTP), of the legal environment for citizens and businesses, for which promotion activities, awareness-raising and training actions could be envisaged; fostering cooperation, development and coordination of legislation in the field of company law and assistance with the creation of European limited companies and European economic interest groupings,
- strengthening administrative cooperation through, inter alia, the Internal Market Information System (IMI), the deepening of knowledge of internal market legislation in the Member States and its sound application by them, and support for administrative cooperation between the authorities responsible for implementing legislation relating to the internal market with a view to achieving the Lisbon strategic goals as set out in the annual policy strategy,
- the setting-up of a system that can effectively and efficiently deal with problems faced by citizens or businesses, arising from the misapplication of internal market legislation by a public administration in another Member State; production of feedback information through the Solvit system by use of an online database system which is accessible to all coordination centres and which will also be made accessible to citizens and businesses; support for the initiative through training measures, promotion campaigns and targeted actions with a particular focus on the new Member States,
- interactive policymaking (IPM), in so far as it concerns the completion, development and operation of the internal market, makes up part of the Commission's governance and of the regulatory policy initiatives to better respond to the demands of citizens, consumers and business. The appropriations entered under this item will also cover training, awareness-raising and network actions to the benefit of such participants with a view to making Union policymaking on the internal market more comprehensive and effective, and as part of the process of assessing the actual impact of internal market policies (or the lack of them) on the ground,
- a comprehensive review of regulations with a view to making necessary changes and producing an overall analysis of the effectiveness of the measures taken with a view to the sound operation of the internal market and the evaluation of the overall impact of the internal market on businesses and the economy, including the purchase of data and access by Commission departments to external databases, as well as targeted actions aimed at improving understanding of the functioning of the internal market and rewarding active participation in fostering the functioning of the internal market,
- guaranteeing the completion and management of the internal market, especially in the fields of pensions, free movement of services, recognition of professional qualifications, and intellectual and industrial property: the development of proposals for putting in place a Union patent,
- broadening the strategy regarding the development of statistics on service sectors and statistical development projects in cooperation with Eurostat and the Organisation for Economic Cooperation and Development (OECD),
- monitoring the effects of removing obstacles to the internal market for services,
- the development of a unified area for security and defence, with action working towards the coordination of public procurement procedures for these products at Union level; appropriations may cover devising studies and awareness-raising measures regarding the application of the legislation adopted,

- strengthening and developing financial and capital markets and financial services provided to business and private individuals; adapting the market framework especially as regards the monitoring and regulation of the activities of operators and of transactions, so as to take account of changes at Union and world levels, of the reality of the euro and of new financial instruments, by putting forward new initiatives intended to consolidate, and provide a detailed analysis of, the results of the first Financial Services Action Plan,
- improvement of payment systems and retail financial services in the internal market; reduction in the cost of, and time needed for, such transactions, taking into account the internal market dimension; development of the technical aspects so as to establish one or more payment systems on the basis of the follow-up in respect of Commission communications; carrying out studies in this area,
- developing and strengthening the external aspects of the directives applicable in respect of financial institutions, the mutual recognition of financial instruments vis-à-vis third countries, international negotiations and assistance for third countries in establishing a market economy,
- implementing the many measures put forward in the Action Plan on Company Law and Corporate Governance which could lead to studies on a number of targeted subjects, with a view to drawing up the necessary legislative proposals,
- analysis of the effect of measures in place as part of the follow-up to the progressive liberalisation of postal services, coordination of Union policies on postal services with regard to international systems and in particular with regard to participants in Universal Postal Union (UPU) activities; cooperation with central and eastern European countries; practical implications of the application of the General Agreement on Trade (GATS) provisions to the postal sector and overlap with UPU regulations,
- implementing of the law of the Union and international provisions in the field of money laundering, including participation in intergovernmental or ad hoc measures in this field; contributions relating to Commission participation as a member of the Financial Action Task Force (FATF) on money laundering created under the OECD,
- active participation in meetings held by international associations such as the International Association of Insurance Supervisors (IAIS/AICA) and the International Organisation of Securities Commission (IOSCO); this also comprises expenses related to the Commission's participation as a member of the group,
- development of evaluations and impact studies on the various aspects of the policies covered by this chapter for the purpose of devising new measures or revising existing measures relating to them,
- creation and maintenance of systems directly linked to putting into place and monitoring policies launched within the framework of the internal market for services,
- support of activities which seek to contribute to the achievement of the Union's policy objectives by enhancing supervisory convergence and cooperation, and in the field of financial reporting, both inside and outside the Union.

In order to achieve these objectives, this appropriation covers the costs of consultation, studies, surveys, evaluations, participation, production and the development of publicity, awareness-raising and training materials (printed matter, audiovisual material, assessments, computer tools, the collection and dissemination of information, information and advice measures for citizens and businesses).

The contributions from the EFTA States pursuant to the Agreement on the European Economic Area, and in particular Article 82 thereof and Protocol 32 thereto, must be added to the appropriations entered in this article. By way of information, these amounts derive from contributions from the EFTA States entered against Article 6 3 0 of the statement of revenue, which constitute assigned revenue in accordance with Article 18(1)(d) of the Financial Regulation; they give rise to the provision of corresponding appropriations and to implementation according to the "European Economic Area" Annex to this part of the statement of expenditure in this section, which forms an integral part of the general budget.

Part of this appropriation is intended to cover expenditure incurred by the Commission for ensuring the effective functioning of the European Counterfeiting and Piracy Observatory.

These appropriations are also intended for setting up a central coordination body assisting the Member States with market surveillance cooperation, building on existing structures and experience. This coordination body would support the cooperation, pooling of know-how and sharing of best practices between Member States to ensure the same high level of market surveillance throughout the European Union, in accordance with Regulation (EC) No 765/2008 of the European Parliament and of the Council of 9 July 2008 setting out the requirements for accreditation and market surveillance relating to the marketing of products (OJ L 218, 13.8.2008, p. 30). To this end, regular joint trainings for representatives of national market surveillance authorities from all Member States will be organised, focusing on relevant practical aspects of market surveillance such as follow-up of complaints, monitoring accidents, verifying that corrective action has been taken, follow-up of scientific and technical knowledge concerning safety issues and coordination with customs authorities. Furthermore, exchanges of national officials and joint visit programmes will foster the exchange of experiences between Member States. In addition, comparative data on the resources dedicated to market surveillance in the different Member States will be collected and discussed at the appropriate level with national authorities. The aim is to create awareness for the adequate resources needed to guarantee efficient, comprehensive and consistent market surveillance throughout the internal market, and contribute to the upcoming revision of the Union product safety rules, particularly those concerning market surveillance, and the preparation of the follow-up to the Customs 2013 programme.

### ***Conditions for releasing the reserve***

**The appropriations shall be released when the Commission delivers a detailed list of studies it will undertake under this budget line in 2013 and provides the method for calculating the amounts allocated for each study. The Commission shall also present a set of formal criteria for the selection of these studies.**

### ***Legal basis***

*Remarks*

This appropriation is intended to cover the Authority's staff and administrative expenditure (Titles 1 and 2).

The Authority must inform the budgetary authority about transfers of appropriations between operational and administrative expenditure.

The contributions from the EFTA States pursuant to the Agreement on the European Economic Area, and in particular Article 82 thereof and Protocol 32 thereto, must be added to the appropriations entered in this item. By way of information, these amounts derive from contributions from the EFTA States entered against Article 6 3 0 of the statement of revenue, which constitute assigned revenue in accordance with Article 18(1)(d) of the Financial Regulation; they give rise to the provision of corresponding appropriations and to implementation according to the "European Economic Area" Annex to this part of the statement of expenditure in this section, which forms an integral part of the general budget.

The amounts repaid in accordance with Article 16 of Commission Regulation (EC, Euratom) No 2343/2002 of 19 November 2002 on the framework Financial Regulation for the bodies referred to in Article 185 of Council Regulation (EC, Euratom) No 1605/2002 on the Financial Regulation applicable to the general budget of the European Communities (OJ L 357, 31.12.2002, p. 72) constitute assigned revenue (Article 18(1)(f) of the Financial Regulation) to be charged to Item 6 6 0 0 of the general statement of revenue.

The establishment plan of the European Banking Authority (EBA) is set out in the Part entitled "Establishment plan staff" of Section III — Commission (Volume 3).

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 114 thereof, as well as to the European Supervisory Authority (European Banking Authority), established by Regulation (EU) No 1093/2010, the European Supervisory Authority is to form part of a European System of Financial Supervision (ESFS). The main objective of the ESFS is to ensure that the rules applicable to the financial sector are adequately implemented to preserve financial stability and to ensure confidence in the financial system as a whole and sufficient protection for the customers of financial services.

### *Conditions for releasing the reserve*

An amount of 1 500 000 has been put into reserve which will be released when the European Banking Authority has provided to the budgetary authority, in accordance with Article 179(3) of the Financial Regulation, all relevant documentation regarding the building project in London. Second, the respective project contract(s) have been negotiated with reasonable conditions which will have an effect on the EU budget and the subsidies given to the Authority. Thirdly, the Authority shall provide complete information on the tasks which will remain within the Authority if the banking supervision is transferred to the European Central Bank.

#### *Remarks*

This appropriation will provide support for Member State measures in the following areas:

- efficient organisation of control covering both checks and surveillance tasks relating to external borders,
- efficient management by the Member States of the flow of persons at the external borders, in order to ensure both a high level of border protection and smooth crossing of external borders in accordance with the Schengen *acquis*, including the principle of respectful treatment and dignity,
- uniform application by the border guards of Union law on the crossing of external borders,
- improvement of the management of activities organised by the consular and other services of the Member States in third countries as regards the flow of third-country nationals into the territory of the Member States and cooperation between Member States in this regard.

In particular, this appropriation is intended to support the following actions in the Member States:

- border crossing infrastructures and related buildings, such as border stations, helicopter landing places or lanes or booths for the queuing of vehicles and persons at border crossing points,
- infrastructure, buildings and systems required for surveillance between border crossing points and for protection against illegal crossing of the external border,
- operating equipment,
- means of transport for the surveillance of external borders, such as vehicles, vessels, helicopters, and light aircraft, specially equipped with electronic equipment for the surveillance of the border and the detection of persons in means of transport,
- equipment for the real-time exchange of information between relevant authorities,
- information and communication technology systems,
- programmes for the detachment and exchange between Member States of staff such as border guards, immigration officers and consular officers,
- training and education of staff in relevant authorities, including language training,
- investments in the development, testing and instalment of state of the art technology,

- studies and pilot projects implementing recommendations, operational standards and best practices resulting from operational cooperation between Member States in the field of border control,
- studies and pilot projects designed to stimulate innovation, facilitate exchanges of experience and good practice and improve the quality of the management of activities organised by the consular and other services of the Member States in third countries as regards the flow of third-country nationals in the territory of the Member States and cooperation between Member States in this regard,
- create a common Schengen visa Internet site in order to improve the visibility and uniform image of the common visa policy.

In the framework of the Kaliningrad Transit Scheme, this appropriation is intended to cover foregone fees from transit visas and additional costs (investment in infrastructures, training of border guards and rail staff, additional operational costs) incurred in implementing the Facilitated Transit Document and Facilitated Rail Transit Document scheme in accordance with Council Regulation (EC) No 693/2003 (OJ L 99, 17.4.2003, p. 8) and Council Regulation (EC) No 694/2003 (OJ L 99, 17.4.2003, p. 15).

At the Commission's initiative, it is also intended to cover transnational actions or actions of interest to the Union as a whole (Union actions) serving the general objective of contributing to the improvement of the activities organised by the consular and other services of the Member States in third countries as regards the flow of third-country nationals into the territory of the Member States and cooperation between Member States in this regard, including the activities of Asylum Liaison Officers and Immigration Liaison Officers, and the objective of promoting the progressive inclusion of customs, veterinary and phytosanitary controls in integrated border management activities according to policy developments in this field. These actions can also be used to provide supporting services to Member States in duly substantiated emergency situations requiring urgent action at the external borders of the Member States.

Moreover, each year the Commission will draw up a list of specific actions to be implemented by the Member States and, where appropriate, in cooperation with the Agency, that contribute to the development of the common integrated border management system by addressing weaknesses at strategic border points identified in risk analyses carried out by the Agency.

Any revenue from the contributions of Iceland, Norway, Switzerland and Liechtenstein entered in Item 6 3 1 3 of the statement of revenue may give rise to the provision of additional appropriations in accordance with Article 18(1)(d) of the Financial Regulation.

#### *Remarks*

Regarding the prevention and preparedness to terrorist attacks, this appropriation is intended to support the following areas:

- to stimulate, promote, and support risk and threat assessments on critical infrastructure, including evaluations on site, to identify possible targets of terrorist attacks and the possible need for upgrading their security,
- to promote and support the development of common security standards including cyber security, and an exchange of know-how and experience on protection of critical infrastructure,
- to promote and support Union wide coordination and cooperation on critical infrastructure protection.

Regarding the consequence management in case of terrorist attacks, this appropriation is intended to support the following areas:

- to stimulate, promote and support the exchange of know-how, experience and technology on the potential consequences of terrorist attacks,
- to stimulate, promote and support the development of relevant methodology and contingency plans, including with regard to a European cyber security strategy,
- to ensure real-time input of specific expertise on terrorism matters within overall crisis management, rapid alert and civil protection mechanisms.

In particular, this appropriation is intended to cover the following actions:

- actions on operational cooperation and coordination (strengthening networking, mutual confidence and understanding, development of contingency plans, exchange and dissemination of information, experience and best practice),
- analytical, monitoring, evaluation, audit and inspection activities,
- development and transfer of technology and methodology, particularly regarding information sharing and interoperability,
- training, exchange of staff and experts,
- awareness and dissemination activities, and
- provision of financial support for projects to help victims of terrorism and/or their families recover from their ordeal by availing themselves of social or psychological support offered by organisations and/or networks, and for projects to mobilise public opinion against all forms of terrorism. Part of the appropriation will be used primarily to improve the legal assistance and advice provided to victims and their families.

### Remarks

This appropriation is intended to support the following areas:

- to promote and develop coordination, cooperation and mutual understanding among law enforcement agencies, and other institutions (in particular organisations active in preventing violence and crime), other national authorities and related Union bodies,
- to stimulate, promote and develop horizontal methods and tools necessary for strategically preventing and fighting crime and cybercrime, such as prevention of urban violence, in particular urban violence affecting minors, or measures to prevent and combat juvenile delinquency through exchanges of best practice, networking of the authorities responsible and the implementation of pilot projects, also in the field of rehabilitation of minors former prisoners, public-private partnerships, best practices in crime prevention, comparable statistics and applied criminology,
- to improve cooperation as regards the confiscation and seizure of assets and of proceeds from illegal activities of criminal organisations between the national agencies competent for the recovery of assets, and
- to promote and develop best practices for the protection of crime victims including victims with specific needs such as victims of gender based violence, victims of violence in close relationships and witnesses.

In particular, this appropriation is intended to cover the following actions:

- actions on operational cooperation and coordination (strengthening networking, mutual confidence and understanding, exchange and dissemination of information, experience and best practices),
- analytical, monitoring and evaluation activities,
- development and transfer of technology and methodology,
- training, exchange of staff and experts, and
- awareness and dissemination activities.

Part of the appropriation will cover the costs of creating a Union telephone hotline for the victims of human trafficking, with a view to establishing a single common telephone number across Member States, to provide equal standards of social, psychological and legal assistance to the victims of human trafficking and if possible to respond to a request for shelter. This project will involve a variety of stakeholders: national regulatory authorities to provide telephone lines, telecommunication companies, specialised non-governmental organisations, local and professional staff, enforcement authorities (to exchange information on the smugglers and actors involved in human trafficking).

Part of this appropriation will be used to improve the prevention of criminal activities of mobile criminal groups in border areas.
