Whereas: (Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EC) No 294/2008)		<i>[recitals have not been discussed]</i>	
(1) The Europe 2020 strategy for smart, sustainable and inclusive growth assigns a prominent role to the European Institute of Innovation and Technology (hereinafter referred to as the EIT) which contributes to a number of flagship initiatives.	AMD 1 (1) The Europe 2020 strategy for smart, sustainable and inclusive growth assigns a prominent role to the European Institute of Innovation and Technology (hereinafter referred to as the EIT) which contributes aims at contributing to a number of flagship initiatives, in particular, the flagships for an Innovation Union and Youth on the Move.		

<p>(2) During the period 2014-2020 the EIT should contribute to "Horizon2020 - The Framework Programme for Research and Innovation" established by Regulation No XX/XXXX of the European Parliament and of the Council (hereinafter referred to as 'Horizon 2020') objectives by integrating the knowledge triangle of research, innovation and education.</p>	<p>AMD 2 (2) During the period 2014-2020 the EIT should contribute to 'Horizon2020 - The Framework Programme for Research and Innovation' established by Regulation No XX/XXXX of the European Parliament and of the Council (hereinafter referred to as 'Horizon 2020') objectives by integrating the knowledge triangle of research, innovation and education <i>in order to stimulate excellence and to accelerate innovation.</i></p>		
<p>(3) In order to ensure a coherent framework for participants in Horizon 2020, the Regulation No XX/XXXX of the European Parliament and of the Council laying down the rules for the participation and dissemination in 'Horizon 2020' – the Framework Programme for Research and Innovation (2014-2020) (hereinafter referred to as 'Rules for Participation') should apply to the EIT.</p>	<p>[no change]</p>		
<p>(4) The rules concerning the management of intellectual property rights are defined in the Rules for Participation.</p>	<p>AMD 3 (4) The rules concerning the <i>dissemination of results through open access, licensing and the management</i> of intellectual property rights are defined in the Rules for Participation <i>and in the Strategic Innovation Agenda of the EIT.</i></p>		

	<p>AMD 4 <i>(4a) As a leading European institute for innovation, the EIT and the Knowledge and Innovation Communities (hereinafter referred to as KICs) should play an innovative role in identifying and fostering innovative practices for the management of intellectual property rights, promoting transparency, knowledge transfer and dissemination.</i></p>		
<p>(5) The rules concerning participating states and third countries are defined in Horizon 2020 Regulation.</p>	<p><i>[no change]</i></p>		

<p>(6) The EIT should directly engage with national and regional representatives and other stakeholders from across the innovation chain, generating beneficial effects on both sides. In order to render such dialogue and exchange more systematic, an EIT Stakeholder Forum should be organised, bringing together the wider community of stakeholders around crosscutting issues.</p>		<p>AMD 5 (6) The EIT should directly engage with national and regional representatives and other stakeholders from across the innovation chain, generating beneficial effects on both sides. In order to render such dialogue and exchange more systematic, an EIT Stakeholder Forum should be organised, bringing together <i>under a common platform, all KICs</i> and the wider community of stakeholders, around crosscutting issues. <i>To ensure wider stakeholder engagement, the EIT should conduct relevant information campaigns targeting European universities, national, regional and local authorities involved in R&D&I policies. KICs should also set up processes for regular stakeholders' consultation in their particular field of action.</i></p>	
---	--	--	--

	<p>AMD 6 <i>(6a) The EIT should pay attention to a good balance being achieved between the different actors from the knowledge triangle involved in the KICs, paying attention especially to smaller actors and private sector involvement. In particular it should seek to engage more closely with SMEs to ensure their active participation in the activities of the KICs. Furthermore, public companies and local authorities, as well as non-profit organizations, should be involved in the KICs, as appropriate.</i></p>		
	<p>AMD 7 <i>(6a) The EIT should further promote recognition by the Member States of EIT degrees and diplomas bearing its label of excellence.</i></p>		

	<p>AMD 8 <i>(6b) The EIT should promote, by its very nature and composition, multi-disciplinary and inter-disciplinary approaches to innovation and entrepreneurship, including the development of non-technological solutions, organizational approaches, new business models, systems innovation and public sector innovations, as a necessary complement to technological and technical innovation activities.</i></p>		
	<p>AMD 9 <i>(6c) Social enterprises, being very innovative in nature through the goods and services they offer, may contribute to addressing the major societal challenges. Social innovation and social entrepreneurship should therefore constitute, as appropriate, an important part of the EIT's and the KICs' activities.</i></p>		

<p>(7) The scope of the EIT contribution to the Knowledge and Innovation Communities (hereinafter referred to as KICs) should be defined and the origins of KICs' financial resources clarified.</p>	<p>AMD 10 (7) The scope of the EIT contribution to the Knowledge and Innovation Communities (hereinafter referred to as KICs) should be defined and the origins of KICs' financial resources clarified. <i>In particular, the EIT should act as an investor and its funding aim at leveraging other sources of private and public funding, including other EU funds. The level of this leverage should be clearly defined.</i></p>		
<p>(8) The composition of the EIT bodies should be simplified. The functioning of the EIT Governing Board should be streamlined and the respective roles and tasks of the Director should be further clarified.</p>	<p>AMD 11 (8) The composition of the EIT bodies should be simplified, <i>should reflect the three dimensions of the knowledge triangle, and gender balance should be sought.</i> The functioning of the EIT Governing Board should be streamlined and the respective roles and tasks of the Governing Board and the Director should be further clarified. <i>The Governing Board and the Director should act in the interests of the EIT in an independent, impartial and transparent way.</i></p>		

<p>(9) New KICs, including their priority fields and the organisation and timing of the selection process, should be launched on the basis of modalities defined in the Strategic Innovation Agenda.</p>	<p>AMD 12 <i>(9) The EIT may allocate its budget to already established KICs or to newly selected KICs. As of 2014, the EIT should launch the selection of up to four new KICs in the thematic priority areas as defined in the Strategic Innovation Agenda (SIA). As of 2018, according to the budget available and following a stakeholders' consultation, the EIT should launch further calls for the selection of KICs in the remaining themes identified in the SIA or newly identified themes falling within the scope of Horizon 2020 objectives. (9a) New KICs, including their priority fields and the organisation and timing of the selection process, should be launched and selected by the EIT on the basis of modalities defined in the Strategic Innovation Agenda an open, transparent and competitive process, providing clarity and predictability for potential participants. The KICs selection process should be based on minimum conditions of eligibility criteria and fulfil selection criteria demonstrating the potential, quality and viability of the proposal.</i></p>		
--	---	--	--

	<p><i>(9b) The EIT should take into account the fact not all KICs will have the same financial needs, some being more capital intensive than others. The EIT should therefore define the amount of financial support it will provide to the KICs.</i></p>		
<p>(10) The KICs should broaden their educational activities, by providing professional training courses.</p>	<p>AMD 13 (10) The KICs should broaden their educational activities, by providing professional <i>and summer training courses, distance learning courses and internships to post-graduate students. The EIT should invest in cultivating a world-class EIT brand-name in the area of innovative entrepreneurial education.</i></p>		
	<p>AMD 14 <i>(10 a) The EIT and the KICs should develop educational synergies with the EU and Member States policies, in order to support the future availability of the necessary human capital that is essential to fulfil Europe's path towards scientific, technological and innovation leadership. To this end, Science, Technology, Engineering, and Mathematics (STEM) Education should be promoted and entrepreneurial coaching, internships and grants for young Europeans and top high-school and university students should be created.</i></p>		

<p>(11) Cooperation on the organisation the monitoring and evaluations of the KICs between the Commission and the EIT is required to ensure coherence with overall EU level monitoring and evaluation system.</p>	<p>AMD 15 (11) Cooperation on the organisation the monitoring and evaluations of the KICs between the Commission and the EIT is required to ensure coherence with overall EU level monitoring and evaluation system. <i>In particular, the principles for monitoring the KICs and the EIT should be clarified. Cross-KIC coordination and cooperation should be ensured by the EIT in order to achieve synergies and added-value creation from the interaction of the numerous EIT partners.</i></p>		
<p>(12) The KICs should seek synergies with relevant European Union initiatives.</p>	<p>AMD 16 (12) The KICs should seek synergies with relevant European Union <i>research and innovation initiatives and instruments established at European level, including with the European Innovation Partnerships, the European Industrial Initiatives under the SET-Plan and other public-private partnerships.</i></p>		

	<p>AMD 17 <i>(12a) The KICs should act as "innovation catalysts", capable of producing a significant number of much-needed innovators, who will be the bearers of entrepreneurial culture and experience and able to create innovative, knowledge-based SMEs and transform existing businesses. The KICs should function as a reference and an easy-to-replicate collaboration model for other European, regional and national R&D&I communities and for consolidating Structural Funds for achieving the Union's innovation objectives.</i></p>		
	<p>AMD 18 <i>(12b) The spending of Union and Member States' funds on research, innovation and education should be better coordinated in order to ensure complementarity, better efficiency and visibility, as well as to achieve better budgetary synergies.</i></p>		

<p>(13) In order to assure broader participation of organizations from different Members States in the KICs, the partner organizations should be established in at least three different Member States.</p>	<p>AMD 19 (13) In order to assure broader participation of organizations from different Members States in the KICs, the partner organizations should be established in at least three different Member States. <i>The EIT should promote a widening of participation and stimulate excellence across Europe. It should ensure access to all high quality European universities, research communities, small research groups and private sector actors, including highly innovative startups.</i></p> <p><i>(13a) The EIT and the KICs should develop outreach activities and establish communication and information exchange channels with institutions and other partners in emerging and potential centres of excellence, in particular where there is demonstrated demand so that they may engage and participate in their activities.</i></p>		
---	--	--	--

<p>(14) The criteria and procedures for the financing, monitoring and evaluation of the activities of the KICs should be adopted by the EIT prior to launching the KIC selection process.</p>	<p>AMD 20 (14) The criteria and procedures for the financing, monitoring and evaluation of the activities of the KICs should be adopted by the EIT prior to launching the KIC selection process. <i>In particular, a substantial part of the yearly financial contribution to the KICs should be allocated on the basis of a competitive review mechanism.</i></p>		
	<p>AMD 21 (14a) <i>It is important to ensure sound financial management of the EIT and the implementation of the KICs in the most effective and user-friendly manner possible. The EIT should seek to reduce administrative burdens for the KICs.</i></p>		
<p>(15) The EIT Triennial Work Programme should take into account the Commission's opinion concerning the EIT's specific objectives, as defined in Horizon 2020, and its complementarities with European Union policies and instruments.</p>	<p>AMD 22 (15) The EIT Triennial Work Programme should take into account the Commission's opinion concerning the EIT's specific objectives, as defined in Horizon 2020, and its complementarities with European Union policies and instruments <i>and the views expressed by European Parliament and the Council. A regular dialogue between the EIT and the European Parliament should be established.</i></p>		

<p>(16) The EIT, being under Horizon 2020, will be part of the mainstreaming of climate change expenditures as defined in Horizon 2020.</p>	<p>[no change]</p>		
<p>(17) The evaluation of the EIT should provide timely input to the evaluation of Horizon 2020 in 2017 and 2023.</p>	<p>AMD 23 (17) The evaluation of the EIT should allow for direct comparisons of performance and key-indicators with relevant Horizon 2020 instruments and should provide timely input to the evaluation of Horizon 2020 in 2017 and 2023.</p>		
<p>(18) The Commission should strengthen its role in monitoring the implementation of specific aspects of EIT activities.</p>	<p>AMD 24 (18) The Commission should improve strengthen its role in monitoring of the implementation of specific aspects of EIT activities, while the EIT should improve its monitoring of the KICs. That monitoring should be results-oriented.</p>		

<p>(19) This Regulation lays down, for the period 2014 to 2020, a financial envelope constituting the prime reference, within the meaning of point [17] of the Inter-institutional Agreement of XX/YY/201Z between the European Parliament, the Council and the Commission on cooperation in budgetary matters and on sound financial management, for the budgetary authority during the annual budgetary procedure. The financial contribution for the EIT should be provided from Horizon 2020.</p>	<p>[no change]</p>		
	<p>AMD 25 <i>(19a) EIT activities should ensure the utmost transparency, accountability and democratic scrutiny of contributions from the Union budget, especially as regards their contribution, both expected and achieved, to attain Union objectives.</i></p>		
<p>(20) Although initially foreseen, the EIT Foundation will not receive a direct contribution from the EU budget, the EU discharge procedure should not apply to it.</p>	<p>[no change]</p>		
<p>(21) For reasons of clarity the Annex to Regulation (EC) No 294/2008 should be replaced by a new Annex.</p>	<p>[no change]</p>		
<p>(22) Regulation (EC) No 294/2008 should therefore be amended accordingly.</p>	<p>[no change]</p>

<p>1. The Governing Board shall consist both of appointed members providing a balance between those with experience in business, higher education and research (hereinafter referred to as appointed members) and members elected by and from among the higher education, research and innovation, technical and administrative staff, students and doctoral candidates of the European Institute of Innovation and Technology (EIT) and the Knowledge and Innovation Communities (KICs) (hereinafter referred to as representative members).</p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>	
<p>As a transitional provision, the initial Governing Board shall consist exclusively of appointed members until elections for representative members can be held, after the first KIC has been established.</p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>	

<p>2. There shall be 18 appointed members. They shall have a six-year non-renewable term of office. They shall be appointed by the Commission, in accordance with a transparent procedure. The Commission shall inform the European Parliament and the Council about the selection process and the final appointment of those members of the Governing Board.</p>	<p>[no change]</p>	<p>[no change]</p>	<p>[no change]</p>
<p>The appointed members of the initial Governing Board shall be appointed on the basis of a list of potential candidates proposed by an ad-hoc Identification Committee, which shall be composed of four independent high level experts appointed by the Commission. The subsequent appointed members shall be appointed on the basis of a list of potential candidates proposed by the Governing Board.</p>	<p>[no change]</p>	<p>[no change]</p>	<p>[no change]</p>
<p>3. The Commission shall have regard to the balance between higher education, research, innovation and business experience as well as to gender balance and an appreciation of the higher education, research and innovation environments across the Union.</p>	<p>[no change]</p>	<p>[no change]</p>	<p>[no change]</p>

<p>4. One third of the appointed members shall be replaced every two years. <p>During a transitional period, 12 appointed members of the initial Governing Board shall be chosen by lot to serve for a four year term of office. At the end of the initial four year period, six of the 12 newly appointed members shall be chosen by lot to serve for a four year term of office. The Chairperson of the Governing Board is not part of this transitional process.</p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>
<p>5. There shall be four representative members. They shall have a three year term of office, renewable once. Their term of office shall cease if they leave the EIT or a KIC. They shall be replaced through the same election process for the remainder of the term of office.</p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>	<p><i>[no change]</i></p>

<p>6. The conditions and modalities for election and replacement of the representative members shall be approved by the Governing Board on the basis of a proposal from the Director before the first KIC is in operation. This mechanism shall ensure an appropriate representation of the diversity and shall take into account the evolution of the EIT and the KICs.</p>	<p>[no change]</p>	<p>[no change]</p>	<p>[no change]</p>
<p>7. In the event that a member of the Governing Board is unable to complete his term of office, a substitute member shall be appointed or elected by the same procedure as the incapacitated member in order to complete the latter's term of office.</p>	<p>[no change]</p>	<p>[no change]</p>	<p>[no change]</p>
