Subject: Proposal for a Regulation of the European Parliament and of the Council
concerning the European Network and Information Security Agency (ENISA)
- Approval of the final compromise text

1. Following the agreement reached in the third informal trialogue meeting that took place on 29 January, Coreper confirmed this agreement on 1 February on the basis of the "provisional" text¹. Since then, the text was consolidated by the 2 Quality Advisors of both institutions².
2. Coreper is invited to confirm its agreement on the basis of the consolidated text of the draft Regulation, as set out in the *addendum* to this note. Subsequently, the Chair of Coreper will send the letter confirming the agreement to the European Parliament.

¹ See doc. 5793/13.

² Note: the consolidated version of the agreed text marks the amendments introduced to the Commission proposal (text in bold and italics).
The full examination in all languages - by the lawyer-linguists of both institutions - takes place after the vote in the EP's ITRE Committee.
