Subject: Proposal for a Regulation of the European Parliament and of the Council on the
financing, management and monitoring of the common agricultural policy (*CAP
reform*)
- Presidency consolidated draft Regulation

On page 2 of doc. 7304/13, the text after the first point (5) should read:

- (6) In Article 93, the words "at the level of farmers" have been deleted to accommodate the changes introduced to the greening text in the draft direct payments regulation. This text in Article 93 was written when the greening text required the maintenance of permanent grassland at individual farmer level only. There are now other options for Member States to maintain permanent grassland at national level.
- (7) In Article 98, the text has been brought into line with the Treaty of Accession of Croatia¹.

¹ OJ L 112, 24.4.2012.

On page 141 of doc. 7304/13, the seventh paragraph of Article 93 should read: "In order to take account of the elements in the two preceding paragraphs the Commission shall be empowered to adopt delegated acts in accordance with Article 111 containing the rules on maintenance of permanent grassland, in particular to ensure that measures are taken to maintain the land under permanent grassland ~~at the level of farmers~~, including individual obligations to be respected such as obligation to reconvert areas into permanent grassland where it is established that the ratio of land under permanent grassland is decreasing."
