"(46) Firstly, it was argued that the sales quantity of Thai imports is much lower than that of Chinese imports, and that the sales quantity of Thai imports is decreasing in absolute terms. However, the quantity of Thai imports is not negligible, and therefore sufficient to allow cumulation. In addition, even though the Thai imports are decreasing in absolute terms as demonstrated in the table in recital (51) below, they were gaining 19 % of market share during the period considered, as demonstrated in the table in recital (51) below.",
