"I" ITEM NOTE

from: General Secretariat of the Council
to: Delegations

No. Cion prop.: 10926/12 ATO 90 SOC 501 SAN 149

Subject: Proposal for a Council Directive laying down basic safety standards for protection against the dangers arising from exposure to ionising radiation

1. The Commission forwarded the above proposal to the Council on 31 May 2012, based on Article 31 of the Euratom Treaty, in connection with Article 32 thereof.
2. Following several rounds of examination of the proposal, the Working Party on Atomic Questions on 29 May 2013 confirmed agreement on the text of this Directive as set out in doc. 8682/2/13 REV 2, pending the European Parliament opinion.
3. Coreper is therefore invited to take note of the agreement with a view to finalising the text and having it formally adopted by the Council, once the European Parliament opinion is available.
