European Globalisation Adjustment Fund (2014-2020)
- General approach

In the document ST 10895/13 INIT, the following changes should be made:

1. On page 11, the second paragraph under Article 1 should read as follows:

"The aim of the EGF shall be to contribute to economic growth and employment in the Union by enabling the Union to support [...] workers being made redundant **and self-employed persons as identified in Article 3 whose labour activity ceases** as a result of major structural changes in world trade patterns due to globalisation, [...], **or to a continuation of the global financial and economic crisis provided for in Regulation No 546/2009, or to a new global financial and economic crisis.**"

2. On page 12, under Article 2, paragraphs (a) and (b) should read as follows:

"(a) workers being made redundant and self-employed persons as identified in Article 3 whose labour activity ceases as a result of major structural changes in world trade patterns due to globalisation, demonstrated, in particular, by a substantial increase in imports into the Union, a rapid decline of the Union market share in a given sector or a delocalisation of activities to non-member countries, where these redundancies have a significant adverse impact on the local, regional or national economy;

(b) workers being made redundant and self-employed persons as identified in Article 3 whose labour activity ceases as a result of a continuation of the global financial and economic crisis provided for in Regulation No 546/2009, or a new global financial and economic crisis."

3. On page 14, under Article 5, point 1 should read as follows:

"1. The Member State submitting an application shall specify how the number of workers being made redundant **and self-employed persons as identified in Article 3**, provided for in Article 4, are being calculated."
