COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 12.11.2008  
COM(2008) 728 final

2008/0209 (CNS)

Proposal for a

**COUNCIL DECISION**

**concerning the Conclusion of an Agreement aimed at renewing the Agreement on cooperation in science and technology between the European Community and the Government of the Russian Federation**

(presented by the Commission)

## EXPLANATORY MEMORANDUM

1. The Agreement on cooperation in science and technology between the European Community and the Government of the Russian Federation was signed in Brussels on 16 November 2000. Article 12(b) of the Agreement provides as follows: "*This Agreement shall be concluded for an initial period ending on 31 December 2002 and will be renewable by common agreement between the parties for additional periods of five years.*".
2. By its Decision EC/798/2003 of 5 June 2003, the Council concluded the renewal of the Agreement for a further period of five years.  
  
At the EC-Russia S&T Joint Committee meeting of 28 June 2007, both Parties expressed their interest in renewing the Agreement. Furthermore, at the EU-Russia Permanent Partnership Council meeting of 26 May, 2008, both Parties agreed to undertake the necessary steps with a view to renewing this Agreement.
3. Renewal of the agreement for five more years would be in the interest of both Parties so as to maintain continuity in the scientific and technological relations between Russia and the European Community.
4. Since the content of the renewed Agreement will be identical to the content of the current Agreement, which expires on 20 February, 2009, following the normal procedures for negotiating this renewal (Article 300(1) of the EC Treaty) would serve no useful purpose. Given the resulting advantages, for both Parties, of rapid renewal, a one-step procedure is suggested (a single procedure and a single act concerning signature and conclusion). This renewed Agreement shall be referred to in the New EU-Russia Agreement for which negotiations were launched at the EU Russia summit in Khanty-Mansiysk on 27 June 2008:
5. Both Parties to the Agreement are eager to ensure continuity in the ongoing co-operations (in particular in respect of those activities which can only be undertaken with third countries on the basis of a cooperation agreement)
6. In the light of the above considerations, the Commission requests the Council:
  - to approve, on behalf of the Community, after consulting the European Parliament, the conclusion of an Agreement aimed at renewing the Agreement on cooperation in science and technology between the European Community and the Government of the Russian Federation;
  - to authorise the President of the Council to designate the person empowered to sign the Agreement in order to express the consent of the Community to be bound thereby.

Proposal for a

**COUNCIL DECISION**

**concerning the Conclusion of an Agreement aimed at renewing the Agreement on cooperation in science and technology between the European Community and the Government of the Russian Federation**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular the second paragraph of Article 170, in conjunction with the first sentence of the first subparagraph of Article 300(2), and the first subparagraph of Article 300(3),

Having regard to the proposal from the Commission<sup>1</sup>,

Having regard to the opinion of the European Parliament<sup>2</sup>,

Whereas:

- (1) By its Decision of 16 November 2000<sup>3</sup>, the Council approved the conclusion of the Agreement for scientific and technological cooperation between the European Community and the Government of the Russian Federation (hereinafter "Russia").
- (2) Article 12(b) of the Agreement provides as follows: *'This Agreement shall be concluded for an initial period ending on 31 December 2002 and will be renewable by common agreement between the parties for additional periods of five years'*.
- (3) At the EC-Russia S&T Joint Committee meeting held in Brussels on 28 June 2007, both Parties expressed their agreement for the renewal of the abovementioned Agreement for five more years. The Parties to the Agreement consider that rapid renewal of this Agreement would be in their mutual interest. Furthermore, at the EU-Russia Permanent Partnership Council meeting of 26 May, 2008, both Parties agreed to undertake the necessary steps with a view to renewing this Agreement.
- (4) The content of the renewed Agreement will be identical to the content of the Agreement which expires on 20 February, 2009.
- (5) The Agreement aimed at renewing the Agreement for science and technological cooperation between the European Community and the Government of the Russian Federation should be approved on behalf of the Community,

**5. CHARACTERISTICS AND OBJECTIVES**

**5.1. Need to be met in the short or long term**

This decision will allow both Parties to continue, upgrade and intensify their cooperation in areas of common scientific and technological interest.

**5.2. Value-added of Community involvement and coherence of the proposal with other financial instruments and possible synergy**

This Agreement is based on the principles of mutual benefit, reciprocal opportunities for cooperation activities such as joint or coordinated calls for joint projects, access to each other's programmes and activities relevant for the purpose of the Agreement and the effective protection of intellectual property and equitable sharing of intellectual property rights. The proposal also provides for missions by EU experts and officials, and for workshops, seminars and meetings to be organised in the European Community and in the Russian Federation. The

<sup>8</sup> See points 19 and 24 of the Interinstitutional agreement.

<sup>9</sup> Additional columns should be added if necessary i.e. if the duration of the action exceeds 6 years

cooperative activities in the field of science and technology under this agreement are complementary to and in support of other Community activities vis-à-vis the Russian Federation.

### **5.3. Objectives, expected results and related indicators of the proposal in the context of the ABM framework**

This decision should allow both the Russian Federation and the European Community to derive mutual benefit from the scientific and technical progress achieved through their specific research programmes. It will allow an exchange of specific knowledge and a transfer of know-how to the benefit of the scientific community, industry and citizens.

### **5.4. Method of Implementation (indicative)**

† With Third countries

#### ***Joint management with international organisations (please specify)***

Relevant comments:

## **6. MONITORING AND EVALUATION**

### **6.1. Monitoring system**

The Commission departments will regularly evaluate all the actions carried out under the cooperation agreement, which will also be subject to a joint regular evaluation by the Community and Russia. This evaluation will cover:

- (a) performance indicators
  - number of missions and meetings;
  - number of different fields of cooperation activities.
- (b) gathering of information:

Based on information from the specific programmes of the Framework Programme and information provided by the Russian Federation to the Joint Committee provided for by the Agreement.

- (c) The Commission will evaluate the actions covered by this participation before the end of the five year implementation period.

## **6.2. Evaluation**

### *6.2.1. Ex-ante evaluation*

The Commission will evaluate the actions covered by this cooperation agreement before the end of the five year implementation period.

### *6.2.2. Measures taken following an intermediate/ex-post evaluation (lessons learned from similar experiences in the past)*

For the Community the positive decision to renew the agreement is based on the EU-Russia Permanent Partnership PC meeting of 26 May, 2008.

### *6.2.3. Terms and frequency of future evaluation*

The parties to the Agreement will evaluate the application thereof annually in the meetings of the Joint Committee referred to in Article 6 thereof. Renewal of this agreement will be by common agreement between the Parties for additional periods of five years.

## **7. ANTI-FRAUD MEASURES**

When the implementation of the framework programme calls for the use of external contractors or implies granting financial contributions to third parties, the Commission will carry out, where appropriate, financial audits, in particular if it has reason to doubt the realistic nature of work performed or described in the activity reports.

The Community's financial audits will be carried out either by its own staff or by accounting experts approved according to the law of the audited party. The Community will choose the latter freely, while avoiding any risks of conflicts of interest which might be indicated to it by the party subject to the audit.

In addition, in carrying out the research activities, the Commission will ensure that the financial interests of the European Communities are protected by effective checks and, where irregularities are detected, by proportionate and dissuasive measures and penalties.

In order to achieve this aim, rules on checks, measures and penalties, with references to Regulations No 2988/95, 2185/96, 1073/99 and 1074/99 will be set out in all contracts used in the implementation of the framework programme.

In particular, the following points will have to be provided for in the contracts:

- the introduction of specific contractual clauses to protect the financial interests of the EC in carrying out checks and controls in relation to the work performed;
- the carrying out of administrative checks as part of anti-fraud measures, in accordance with Regulations No 2185/96, No 1073/1999 and No 1074/1999;
- the application of administrative penalties for all intentional or negligent irregularities in the implementation of the contracts, in accordance with the framework Regulation No 2988/95, including a blacklisting mechanism;
- the fact that possible recovery orders in case of irregularities and fraud be enforceable according to Article 256 of the EC Treaty.

In addition and as routine measures, an internal audit and control programme in respect of scientific and budgetary aspects will be carried out by the DG Research staff responsible; an internal audit will be carried out by the Internal audit Unit of DG Research; and local inspections will be undertaken by the Court of Auditors of the European Union.
