

COUNCIL OF THE EUROPEAN UNION **Brussels, 12 September 2013** 

13055/13

**TRANS 440** 

## "I/A" ITEM NOTE

from:	General Secretariat of the Council
to:	Coreper/Council
No. Cion prop.:	12530/13 TRANS 398
Subject:	COMMISSION REGULATION (EU) No/ of XXX amending Regulation (EU) No 454/2011 on the technical specification for interoperability relating to the subsystem 'telematics applications for passenger services' of the trans-European rail system
	– Decision not to oppose the adoption (regulatory procedure with scrutiny)

- The <u>Commission</u> has submitted the above draft Directive to the Council for scrutiny in accordance with the procedure in Article 5a(3)(a) of Council Decision 1999/468/EC<sup>1</sup>. The Commission having presented the draft measure on 16 July 2013, <u>the Council</u> has until 16 October to decide to oppose the adoption.
- 2. <u>Delegations</u> were asked to examine the draft measure until 30 July 2013 and did not provide any indication that there are grounds for the Council to oppose its adoption.<sup>2</sup>

<sup>&</sup>lt;sup>1</sup> Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission (OJ L 184, 17.7.1999, p. 23), as amended by Decision 2006/512/EC (OJ L 200, 22.7.2006, p. 11).

<sup>&</sup>lt;sup>2</sup> Article 5a(3)(b) provides that the Council may, acting by qualified majority, oppose the adoption of such measures on the grounds that they exceed the implementing powers provided for in the basic instrument, are not compatible with the aim or the content of the basic instrument or do not respect the principles of subsidiarity or proportionality.

3. It is therefore suggested that <u>Coreper</u> recommend that <u>the Council</u> confirm that there are no grounds for opposing the draft measure. This implies that, unless <u>the European Parliament</u> opposes it, <u>the Commission</u> may adopt the proposed revised measure in accordance with Article 5a(3)(d) of Council Decision 1999/468/EC.
