Whereas:

- (1) The unprecedented global financial crisis and economic downturn have seriously damaged economic growth and financial stability and provoked a strong deterioration in financial and economic conditions in several Member States. In particular, certain Member States are experiencing serious difficulties or are threatened with such difficulties, notably with problems in their economic growth and financial stability and with a deterioration in their deficit and debt position.
- (2) Important actions to counterbalance the negative effects of the crisis have been taken pursuant to Articles 122(2), 136 and 143 of the Treaty. However, pressure on national financial resources is increasing and appropriate steps are needed to alleviate that pressure through the maximum and optimal use of the funding from the European Fisheries Fund.
- (3) In order to facilitate the management of Union funding, to help accelerate investments in Member States and regions and to improve the availability of funding to the economy, Council Regulation (EC) No 1198/2006 of 27 July 2006 on the European Fisheries Fund<sup>3</sup> was amended by Regulation (EU) No 387/2012 of the European Parliament and of the Council<sup>4</sup> to allow the increase of interim and final payments from the European Fisheries Fund by an amount corresponding to ten percentage points above the actual co-financing rate for each priority axis for Member States which are facing serious difficulties with respect to their financial stability and request to benefit from that measure.
- (4) Paragraph 5 of Article 77a of Regulation (EC) No 1198/2006 allows for the application of that increased co-financing rate up to 31 December 2013. However, since Member States still face serious difficulties with respect to their financial stability, the application of the increased co-financing rate should not be limited to the end of 2013.

<sup>4</sup> OJ L 129, 16.5.2012, p. 7.

- (4a) *Member States receiving financial assistance should also benefit from the increase of the co-financing until the end of the eligibility period and to claim it in their requests for final balance even where the financial assistance is no more provided.*
- (5) Regulation (EC) No 1198/2006 should therefore be amended accordingly.
- (6) Given the unprecedented crisis, swift adoption of support measures is needed. Therefore it is appropriate that this Regulation enters into force on the day of its publication in the Official Journal of the European Union *and the measures should apply from 1 January 2014.*
