**COUNCIL DECISION**

**on the conclusion of a Revised Memorandum of Understanding with the United States of America Regarding the Importation of Beef from Animals Not Treated with Certain Growth-Promoting Hormones and Increased Duties Applied by the United States to Certain Products of the European Union**

## EXPLANATORY MEMORANDUM

### 1. CONTEXT OF THE PROPOSAL

On 13 May 2009 a "Memorandum of Understanding between the United States of America and the European Commission Regarding the Importation of Beef from Animals Not Treated with Certain Growth-Promoting Hormones and Increased Duties Applied by the United States to Certain Products of the European Communities" (the MoU) was signed in Geneva. The MoU was endorsed by Council by letter of 12 May 2009 as an international agreement of the EC.

The MoU sets out different steps concerning the importation of beef not treated with growth-promoting hormones into the EU, as well the imposition of trade sanctions by the United States against EU products as part of the WTO dispute on *EC – Measures Concerning Meat and Meat Products (Hormones)*. These steps are grouped in three phases.

Under Phase 1, from August 2009 to August 2012, the EU opened an autonomous *erga omnes* tariff quota for 20,000 tons of "High Quality Beef",<sup>1</sup> and the US reduced the level of sanctions applied to EU products.

Under Phase 2, from 1 August 2012 to 1 August 2013, the EU opened a larger quota for 45,000 tons of High Quality Beef,<sup>2</sup> and the US suspended all trade sanctions on EU products resulting from the *Hormones* dispute.

The MoU foresees that, should the Parties not reach agreement to enter into Phase 3 by the expiry of Phase 2, the MoU would be considered terminated; however, its core obligations of opening a quota for high quality beef and suspending all trade sanctions remain in place for six more months.

At this time there is no agreement to enter into Phase 3, but the termination of the MoU is not in the EU or US interest. The Parties could agree to extend Phase 2 until August 2015, while they continue discussions on Phase 3.

The amendment of the MoU also clarifies the elements of Phase 3, should the Parties agree to enter into it at the end of the extended Phase 2. The rules of the MoU concerning the management of licenses are also amended to reflect the system of "first come, first served", introduced in 2012<sup>3</sup>.

The Revised MoU has been signed on [xxx]
