Proposal for a

**COUNCIL DECISION**

**on the conclusion of the Agreement between the European Union and Australia  
on the processing and transfer of EU-sourced passenger name record (PNR) data  
by air carriers to the Australian Customs Service**

## **EXPLANATORY MEMORANDUM**

- The Justice and Home Affairs Council of 30 June 2008 authorised the Presidency of the Council of the European Union to sign an agreement between the European Union and Australia on the processing and transfer of European Union-sourced passenger name record (PNR) data by air carriers to the Australian Customs Service. The Agreement was signed by the Parties on 30 June 2008 and is applied provisionally as from that date.
- Australian border protection legislation empowers Australian Customs to risk assess international airlines' PNR data prior to passenger arrival in Australia. This legislation aims at enhancing the security of the Australian border and territory and serves in particular to implement the Government's 2001 election programme to increase national security.
- The main purpose of the Agreement is to ensure the exchange of European passenger information, known as Passenger Name Record or PNR data with Australian Customs pursuant to which this service assesses the risk a passenger may pose to Australian security.
- Within this context, the agreement provides a legal basis for the exchange of law enforcement relevant information between the EU and Australia for the fight against terrorism and related transnational crime, including organised crime, in this case PNR data, thereby providing legal certainty for airlines, passengers and data protection authorities, whilst ensuring the protection of citizens' privacy as well as their physical security. In addition an EU agreement enables to apply this approach homogeneously throughout the European Union in order to ensure respect for individuals' right to privacy and to avoid distortion of competition between airlines.

\*\*\*\*\*

- The Agreement aims to prevent and combat terrorism while respecting fundamental rights, and notably the protection of personal data. The Agreement between the European Union and Australia on the processing and transfer of European Union-sourced passenger name record data by air carriers to the Australian Customs Service aims to ensure full respect for fundamental rights enshrined in Article 6 of the Treaty on European Union and for the principles of proportionality and necessity regarding the right to respect for private and family life and the protection of personal data as set out in Articles 7 and 8 of the Charter of Fundamental Rights of the European Union.
- Article 218(6)(a) of the Treaty on the Functioning of the European Union states that in the case of agreements covering fields to which the ordinary legislative procedure applies, the Council shall adopt a decision concluding the agreement, after obtaining the consent of the European Parliament.

\*\*\*\*\*

- The Commission therefore recommends to the Council, after obtaining the consent of the European Parliament, to adopt a decision concluding the

Agreement between the European Union and Australia on the processing and transfer of European Union-sourced passenger name record (PNR) data by air carriers to the Australian Customs Service.
