**Statement by the United Kingdom**

"The United Kingdom wishes to make clear that its abstentions on the Presidency compromise proposals for a Council Regulation on administrative cooperation and combating fraud in the field of value added tax (Recast) and a Council Regulation amending Regulation (EC) No 479/2009 as regards the quality of statistical data in the context of the excessive deficit procedure, and the EIB external mandate are on the sole grounds of the United Kingdom's parliamentary scrutiny process not having been completed at this time. The United Kingdom can otherwise support the objectives of the proposals and mandate and the Presidency's compromise texts as they stand."
