TENtec

This is a detailed topographic map of Central Europe, focusing on Switzerland, Germany, France, and Italy. The map uses a color-coded system to represent elevation, with green for lowlands, yellow and orange for rolling hills, and brown for high mountain ranges. Major cities are marked with black dots and labeled, including Bern, Zurich, Frankfurt, and Rome. A network of red lines represents major roads, and blue lines with cross-ticks represent railways. The map also shows significant bodies of water, such as Lake Geneva and Lake Constance. A scale bar at the bottom indicates distances up to 100 km.
