LEGISLATIVE DELIBERATIONS

(Public deliberation in accordance with Article 16(8) of the Treaty on European Union)

"A" ITEMS

1. Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EC) No 1334/2000 setting up a Community regime for the control of exports of dual-use items and technology

PE-CONS 38/11 COMER 147 PESC 963 CONOP 45 ECO 94 UD 186 ATO 84
CODEC 1214

The Council approved the amendment set out in the European Parliament's position in first reading and adopted the proposed act amended accordingly, pursuant to Article 294(4) of the Treaty on the Functioning of the European Union (Legal basis: Article 207(2) of the TFEU).

Statement by the Commission

"The Commission intends to review this Regulation no later than 31 December 2013, in particular as regards assessing the possibility of introducing a General Export Authorisation on low-value shipments."

Statement by the European Parliament, the Council and the Commission on low-value shipments

"This Regulation does not affect the National General Export Authorisations on low value shipments issued by Member States in accordance with Article 9(4) of Regulation (EC) No 428/2009."

2. Proposal for a Regulation of the European Parliament and of the Council on the professional cross-border transport of euro cash by road between euro-area Member States

PE-CONS 18/11 EF 66 MI 245 COMPET 178 ECOFIN 248 ENFOPOL 133
CODEC 776
+ REV 1 (fr)

The Council approved the amendment set out in the European Parliament's position in first reading and adopted the proposed act amended accordingly, pursuant to Article 294(4) of the Treaty on the Functioning of the European Union (Legal basis: Article 133 of the TFEU).

Statement by the Council and the Commission

"The Council and the Commission state that the very specific provisions related to Directive 96/71/EC are without prejudice to the admissibility of future comparable labour law provisions in other contexts."

Statement by Germany

"Germany requests that, in the context of the evaluation of the regulation envisaged in Article 26 of the draft regulation which is to take place four years after its entry into force, consideration should in particular be given to an extension of the modes of transport to be recognised by the Member States in Article 13 from at least one option to at least two options.

The regulation aims to facilitate the cross-border transportation of euro cash between Member States of the euro zone. It is therefore desirable for the Member States to permit more than one mode of transport for cross-border euro cash transports. Germany believes that, were each Member State only to permit one mode of transport which corresponds to the respective national rules, it would be difficult to achieve the aim of facilitating cross-border euro cash transports."

Statement by the Netherlands

"The Netherlands support this proposal but we also would like to express our wish that in the future the scope of the regulation will be extended to all the EU Member States."

Statement by the Commission

"The Commission remains committed to availing itself of all relevant expertise which may include the social partners. The Commission regrets that the wording in recital 20 on consultations does not fully reflect the Common Understanding on delegations of legislative power under Article 290 of the TFEU."
