Subject: Final report on Nuclear Security

---

Pursuant to its mandate (doc. 13111/11 ADD 1) the Ad Hoc Group on Nuclear Security (AHGNS) completed its work on the security track of the stress tests process and on 24 May reached consensus on the Report on Nuclear Security set out in doc. 10616/12. Coreper's attention is drawn to section 7 of the report which sets out its main conclusions and recommendations.

Coreper is invited to take note of the AHGNS final report.
