EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

On the basis of a mandate from the Council¹, the European Commission has conducted negotiations with the Republic of Guinea-Bissau with a view to renewing the Protocol to the Fisheries Partnership Agreement between the European Community and the Republic of Guinea-Bissau. At the end of those negotiations, a new Protocol was initialled on 10 February 2012. The new protocol covers a period of three years from the date of its signature.

The Protocol provides for fishing opportunities in the following categories:

- 3 700 GRT for shrimp freezer trawlers
- 3 500 GRT for fin-fish/cephalopod freezer trawlers
- 28 tuna seiners / surface longliners
- 12 pole-and-line tuna vessels.

The method for allocating the fishing opportunities among the Member States should be defined.

The Commission proposes, on this basis, that the Council adopt this Regulation.

2. RESULTS OF CONSULTATIONS WITH THE INTERESTED PARTIES AND IMPACT ASSESSMENTS

The interested parties were consulted ahead of the negotiations in the framework of the Long Distance Fleet Regional Advisory Council, bringing together the fisheries sector and environmental and development NGOs. Experts from the Member States were also consulted in technical meetings. These consultations concluded that it would be beneficial to maintain a fishing protocol with Guinea-Bissau.

3. LEGAL ELEMENTS OF THE PROPOSAL

The new Protocol to the Partnership Agreement was forwarded to the Council for approval of its signing and provisional application. It was also forwarded to the Council and Parliament with a view to its conclusion.
