Proposal for a

COUNCIL REGULATION

amending Regulation (EU) No 7/2010 opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

Autonomous tariff quotas of the Union are needed for products where production in the Union is insufficient to meet the needs of the user industry in the Union for the current quota period. In response to requests from several Member States, the Commission, together with the government experts concerned, considered whether to open autonomous tariff quotas for certain agricultural and industrial products.

On 22 December 2009 the Council adopted Regulation (EU) No 7/2010 opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products so that Union demand for the products in question could be met under the most favourable conditions.

Tariff quotas of the Union should be opened at zero or reduced rates of the autonomous Common Customs Tariff duty for appropriate volumes, without disturbing the markets for such products. Discussions at meetings of the Economic Tariff Questions Group showed that the Member States were ready to open quotas for the products covered by the proposal for a Regulation, without disturbing the markets for such products

The proposal is in line with agricultural, trade, enterprise, development and external relations policies. Especially this proposal is not at the expense of countries enjoying a preferential trading agreement with the EU (e.g. GSP, ACP regime, candidate countries and potential candidates).

2. RESULTS OF CONSULTATIONS OF THE INTERESTED PARTIES AND IMPACT ASSESSMENTS

The Economic Tariff Questions Group representing the industries of each Member State was consulted. All listed quotas reflect the agreement reached by the Group.

There was no mention of potentially serious risks with irreversible consequences.

This proposal will follow an inter service consultation procedure and will be published after its adoption by the Council.

3. LEGAL ELEMENTS OF THE PROPOSAL

Amendment of a Council Regulation opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products on the legal basis of Article 31 of the Treaty on the Functioning of the European Union. By virtue of that Article autonomous tariff quotas are fixed by the Council acting on a qualified majority on the basis of a Commission proposal.

The proposal falls under the exclusive competence of the Union. The subsidiary principle therefore does not apply.

This set of measures is in line with the principles for simplifying the procedures for the operators engaged in foreign trade and with the Commission communication of 2011 concerning autonomous tariff suspensions and quotas (C 363, 13.12.2011, p.6).

4. BUDGETARY IMPLICATION

Uncollected customs duties with a total amount of € - 750 000.

Proposal for a

COUNCIL REGULATION

amending Regulation (EU) No 7/2010 opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 31 thereof,

Having regard to the proposal from the European Commission¹,

Whereas:

- (1) In order to ensure sufficient and uninterrupted supplies of certain goods insufficiently produced in the Union and to avoid any disturbances on the market for certain agricultural and industrial products, autonomous tariff quotas have been opened by Council Regulation (EU) No 7/2010². Products within those tariff quotas can be imported at reduced or zero duty rates. For the same reasons it is necessary to open, with effect from 1 January 2013, new tariff quotas at a zero duty rate for an appropriate volume for the products with order numbers 09.2658, 09.2659, 09.2660 and 09.2661.
- (2) The quota volumes for the autonomous tariff quota with the order numbers 09.2628, 09.2634 and 09.2929 are insufficient to meet the needs of the industry of the Union for the current quota period ending at 31 December 2012. Consequently, those quota volumes should be increased with effect from 1 July 2012. However, the increase of the quota volumes for the autonomous tariff quota with order number 09.2634 will not be continued beyond 31 December 2012.
- (3) The quota volume for autonomous tariff quotas with the order numbers 09.2603 shall be replaced by the volume shown in the Annex to this regulation.
- (4) It is no longer in the interest of the Union to continue to grant tariff quotas in 2013 for products with order numbers 09.2615, 09.2636, 09.2640, 09.2813 and 09.2986. Those quotas should therefore be closed with effect from 1 January 2013 and the corresponding products should be deleted from the Annex to Regulation (EU) No 7/2010.
- (5) In view of the many changes to be made, the Annex to Regulation (EU) No 7/2010 should be replaced in its entirety in the interest of clarity.

¹ OJ C , , p. .

² OJ L 3, 7.1.2010, p.1.

- (6) Regulation (EU) No 7/2010 should therefore be amended accordingly.
- (7) Since the tariff quotas have to take effect from 1 January 2013, this Regulation should apply from the same date and enter into force immediately,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EU) No 7/2010 is replaced by the text set out in the Annex to this Regulation.

Article 2

With effect from 1 January 2013 new tariff quotas with order numbers 09.2658, 09.2659, 09.2660 and 09.2661 are added in the Annex to Regulation (EU) No 7/2010.

Article 3

With effect from 1 July 2012, in the Annex to Regulation (EU) No 7/2010:

- the quota volume for the autonomous tariff quota with order number 09.2628 is fixed at 3 000 000 m²,
- the quota volume for the autonomous tariff quota with order number 09.2634 is fixed at 8 000 tonnes for the period until 31 December 2012,
- the quota volume for the autonomous tariff quota with order number 09.2929 is fixed at 10 000 tonnes.

Article 4

With effect from 31 December 2012 tariff quotas for products with order numbers 09.2615, 09.2636, 09.2640, 09.2813 and 09.2986 are deleted from the Annex to Regulation (EU) No 7/2010.

Article 5

With effect from 1 January 2013, in the Annex to Regulation (EU) No 7/2010:

- the quota volume for the autonomous tariff quota with order number 09.2603 is fixed at 9 000 tonnes,

Article 6

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2013, except for Article 3 which shall apply from 1 July 2012.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

For the Council
The President
