COUNCIL DECISION

Approving the conclusion by the European Commission on behalf of the European Atomic Energy Community of an Agreement on scientific and technological cooperation between the European Atomic Energy Community, of the one part, and the Swiss Confederation, of the other part, associating the Swiss Confederation to the Framework Programme of the European Atomic Energy Community for nuclear research and training activities (2012-2013)

EXPLANATORY MEMORANDUM

CONTEXT OF THE PROPOSAL

Switzerland was associated to the previous Euratom research framework programme (2007-2011) on the basis of a scientific and technological cooperation agreement which was signed on 25 June 2007, with effect from 1 January 2007. By letter of 14th March 2011 Switzerland expressed its interest to become associated to the Euratom Framework Programme for 2012 and 2013.

The Council has authorised the Commission to negotiate a new agreement to that effect on 24 April 2012. The negotiations of the new agreement were conducted in line with the directives issued by the Council.

This agreement will provide for the Swiss association to the Euratom research framework programme for the years 2012-2013, without prejudice to the terms of the Cooperation Agreement between the Swiss Confederation and the European Atomic Energy Community in the field of controlled thermonuclear fusion and plasma physics of 1978. The new agreement will apply from 1st January 2012.

Pursuant to Art.101 of the Treaty Establishing the European Atomic Energy Community the agreements are concluded by the Commission with the approval of the Council which shall act by a qualified majority. The new agreement should be concluded on behalf of Euratom.

In light of the above considerations, the Commission requests the Council:

- to approve the conclusion on behalf of the European Atomic Energy Community, of an Agreement on scientific and technological cooperation between the European Atomic Energy Community, of the one part, and the Swiss Confederation, of the other part, associating the Swiss Confederation to the Framework Programme of the European Atomic Energy Community for nuclear research and training activities (2012-2013).

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 101 thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) The European Commission has, on behalf of the European Atomic Energy Community and in accordance with the directives from the Council, negotiated an Agreement with Switzerland associating the Swiss Confederation to the Framework Programme of the European Atomic Energy Community for nuclear research and training activities (2012-2013),
- (2) It is consequently advisable to approve the conclusion by the European Commission of this Agreement,

ANNEX B

FINANCIAL RULES GOVERNING THE CONTRIBUTION OF SWITZERLAND

I. Determination of financial participation

1. The proportionality factor governing Switzerland's contribution to the Euratom Framework programme 2012-2013, except the Euratom Fusion Programme, shall be obtained by establishing the ratio between Switzerland's gross domestic product, at market prices, and the sum of gross domestic products, at market prices, of the Member States of the European Union. The proportionality factor governing the Swiss contribution to the Fusion Programme shall continue to be governed on the basis of the Fusion Agreement. These ratios shall be calculated on the basis of the latest statistical data from Eurostat, available at the time of publication of the draft budget of the European Union for the same year.

2. The Commission shall communicate as soon as possible to Switzerland together with relevant background material:

(a) the amounts in commitment appropriations in the statement of expenditure of the draft budget of the European Union corresponding to the Euratom Framework Programme 2012-2013 in the year 2013;

(b) the estimated amount of the contributions derived from the draft budget, corresponding to the possible participation of Switzerland in the Euratom Framework Programme 2012-2013 in the year 2013.

3. As soon as the general budget for 2013 has been finally adopted, the Commission shall communicate to Switzerland the above mentioned amounts in the statement of expenditure.

4. Switzerland's financial contribution deriving from participation in the Euratom Framework Programme 2012-2013 shall be established in addition to the amount available each year in the general budget of the European Union for commitment appropriations to meet the Commission's financial obligations stemming from work to be carried out in the forms necessary for the implementation, management and operation of the programmes and activities covered by this Agreement.

II. Payment procedures

1. The Commission shall issue, at the latest on 31 December 2012 a call for funds to Switzerland corresponding to its contribution under this Agreement for 2012. This call for funds shall provide for the payment of Switzerland's contribution not later than 30 days after receipt of the corresponding call for funds. For the purpose of calculating the amount in Swiss francs in 2012 the

exchange rate between the Swiss franc and Euro to be used by the Commission shall be the market rate for the penultimate day of the previous month quoted by the European Central Bank or, depending on the availability, provided by the delegations or other appropriate sources close to that date.

Unless this Agreement ceases to apply on 31 December 2012 in accordance with Art.13(2), the Commission shall issue after 1st July and not later than November 2013, a call for funds to Switzerland corresponding to the contribution under this Agreement for 2013 and established on the basis of Point I.1 of this annex. This call for funds shall provide for the payment of the said contribution not later than 30 days after the receipt of the call.

2. The contributions of Switzerland for the year 2012 shall be paid in Swiss francs and for the year 2013 shall be expressed and paid in Euro to the bank account indicated by the Commission in the calls for payments.

3. Switzerland shall pay its contribution under this Agreement according to the schedule in paragraph 1. Any delay in payment shall give rise to the payment of interest at a rate equal to the one-month inter-bank offered rate (EURIBOR) as on page EURIBOR01 of Reuters (Telerate page 248). This rate shall be increased by 1.5 percentage point for each month of delay. The increased rate shall be applied to the entire period of delay. However, the interest shall be due only if the contribution is paid after the scheduled payment dates mentioned in paragraph 1.

4. Travel costs incurred by Swiss representatives and experts for the purposes of taking part in the work of the research committees and those involved in the implementation of the Euratom Framework Programme 2012-2013 shall be reimbursed by the Commission on the same basis as, and in accordance with, the procedures currently in force for the representatives and experts of the Member States of the European Union.

III. Conditions for implementation

1. The financial contribution of Switzerland to the Euratom Framework Programme 2012-2013 in accordance with this Annex shall normally remain unchanged for the financial year in question.

2. The Commission, at the time of the closure of the accounts relating to each financial year (n), within the framework of the establishment of the revenue and expenditure account, shall proceed to the regularisation of the accounts with respect to the participation of Switzerland, taking into consideration modifications which have taken place, either by transfer, cancellations, carry-overs, or by supplementary and amending budgets during the financial year. This regularisation shall occur at the time of the first payment for the year (n+1). However, the final such regularisation shall occur not later than July of the fourth year following the end of the Euratom Framework Programme 2012-2013. Payment by Switzerland shall be credited to the Euratom programmes as budget receipts allocated to the appropriate budget heading in the statement of revenue of the general budget of the European Union.

IV. Information

1. At the time of the payment for the year 2013, the statement of appropriations for the Euratom Framework Programme 2012-2013, related to the year 2012, shall be prepared and transmitted to Switzerland for information, according to the format of the Commission's revenue and expenditure account.

At the latest on 30 April 2014, the statement of appropriations for the Euratom Framework Programme 2012-2013, related to the year 2013, shall be prepared and transmitted to Switzerland for information, according to the format of the Commission's revenue and expenditure account.

2. The Commission shall communicate to Switzerland statistics and all other general financial data relating to the implementation of the Euratom Framework Programme which is made available to the Member States.

The proportionality factor governing Switzerland's contribution for the year 2012 and 2013 to the Euratom Research programme, except the Euratom Fusion Programme, shall be obtained by establishing the ratio between Switzerland's gross domestic product, at market prices, and the sum of gross domestic products, at market prices, of the Member States of the European Union.

The proportionality factor governing the Swiss contribution to the Fusion Programme for the year 2012 and 2013 shall continue to be governed on the basis of the Fusion Agreement (Art.11.1) The financial contribution of Switzerland to the EURATOM programme under this Agreement ('78 Agreement) shall be fixed annually at a sum which bears the same relation to Euratom 's share of the cost of the Euratom programme as the Swiss gross domestic product bore to the total gross domestic product of both Euratom and Switzerland in the antepenultimate year.

These ratios shall be calculated on the basis of the latest statistical data from Eurostat, available at the time of publication of the draft budget of the European Union for the same year.

Finally the proportionality factors will be applied to the EU commitment appropriations as adopted by the EU Budgetary Authorities.

³⁷ As regards traditional own resources (customs duties, sugar levies), the amounts indicated must be net amounts, i.e. gross amounts after deduction of 25% for collection costs.
