Product and service market	CSR 4	Measure 4	Business Service Portal ("Unternehmensserviceportal" USP)	One main measure of the initiative "Reducing administrative burden for business". The one-stop-shop portal aims to serve as a single entry point to government for businesses and aims at simplifying necessary procedures. By offering information and transaction services, it intends to help businesses to fulfil their information obligations and to reduce their administrative burden	Reduce administrative burden of companies, especially SMEs	The USP was continuously updated and extended throughout 2011; fully operational as of 2012		none		
		Measure 1								
		Measure 2								
		Measure 3								
Financial market	CSR 5									
	Measures with an impact on macroeconomic scenario (3)									

(1) This classification is in line with that already used within the framework of CSRs monitoring under the first European Semester.
 (2) The number of CSRs differs across Member States
 (3) Regardless the main area of intervention, it includes any sort of structural measures planned or enacted by Member States that are not under a previous CSRs, but have an impact on macroeconomic scenario
 (4) Other macroeconomic variables mainly refer to the main components of domestic demand (private consumption and investment) and employment.
