TRANSFER OF APPROPRIATIONS N° DEC 11/2016

INTRODUCTION

This transfer is the result of a clearing operation of appropriations concerning external personnel (contract and interim agents, seconded national experts) and other decentralised administrative expenditure (missions, meetings, conferences, committees, studies, training, development of IT systems), the so-called 'global envelope' (budget lines XX 01 02 01 and XX 01 02 11), allocated among the Commission's Directorates-General (DGs) representing 31 different policy areas (Titles) of the budget nomenclature. This movement involves only non-differentiated appropriations of the same nature which are adjusted between the various policy areas.

The present transfer is the result of a fine-tuning exercise aiming at matching available appropriations to priority needs of each DG, and thus making the best use of the authorised appropriations, taking into account the current state of implementation.

The overall movement proposed in this transfer (reinforcements strictly compensated by corresponding reductions) represents 3.29 % (EUR 8.8 million) of the total appropriations of the global envelope of decentralised administrative expenditure for the whole Commission.

Movements of appropriations aim in particular at:

- first and foremost, reinforcement of DG HOME resources in order to address the challenge of the migration crisis;
- reinforcement of DG NEAR resources to tackle the migration crisis and in particular the Facility for Refugees in Turkey;
- reinforcement of DG ECHO resources to cope with the new humanitarian instrument, the Emergency Support within Europe;
- reallocation of appropriations between DG REGIO and the Secretariat-General / Structural Reform Support Service (SG/SRSS) following the transfer to the Secretariat-General of the Task Force for the Turkish Cypriot Community (TFTCC) at the beginning of 2016;
- reallocation of appropriations between DG ECFIN and SG/SRSS following the transfer to the Secretariat-General of the Task Force for Greece (TFGR) and the Task Force for Cyprus (TFCY) in mid-2015;
- reinforcement of DG MOVE resources needed for meetings and missions in relation to transport policy (Trans-European Transport Network [TEN-T], international negotiations, security);
- reinforcement of DG DIGIT resources in priority areas, notably developing and accelerating IT projects in domains such as "Better Regulation", "Security and Business Continuity" and "Data Information and Knowledge Management", under the overarching objective of identifying and achieving synergies and efficiency gains to offset the shrinking of human resources.

The sources of the above reinforcements are the following:

- the revised needs and reprioritisation, both at DG and corporate level half-way through the annual budget implementation, in particular for missions, conferences and meetings;
- the use of appropriations kept provisionally unallocated to specific policy areas in order to cover needs which arise in the course of budget implementation (budget lines 27 01 02 09 and 27 01 02 19).

The enclosed table provides the breakdown of the budget items concerned across the policy areas, the corresponding amounts to be transferred and the percentage change for the budget item of origin/destination.
