NOTE

From: Slovenian delegation
To: Delegations
Subject: Error using date on the entry stamp

The Slovenian delegation wishes to inform delegations that on June 2016 at the border crossing Brnik, an error occurred while using the entry stamp. The date on the entry stamp “L031” was wrongly set (human error) to 4. 5. 2016 instead of 4. 6. 2016. The wrong date has been used between 16:00 and 24:00. As a consequence, travel documents of 35 passengers, third country nationals, subjects to thorough border checks, were stamped using the wrong date.

Delegations are informed that in cases of doubts regarding the lawfulness of entry of these nationals, as a result of the above mentioned incident, the following contacts should be used for the consultation:

- phone: +386 4281 5610
- fax: +386 4202 1140
