On Page 3 of doc. 12429/16 INIT, point 11 should read as follows:

"On 26 September 2016, the Aviation Working Party examined the above-mentioned proposal. Delegations expressed overall support for the Commission proposal, made some comments and asked for clarifications. On the basis of these comments, the Presidency proposed a compromise text (doc. 12424/16) which was accepted by the majority of delegations with the exception of the DE delegation that indicated that it could not support the Presidency compromise text. The UK delegation entered a parliamentary scrutiny reservation and indicated that it would not be able to lift it in time for the Coreper meeting on 28 September and therefore it would abstain."
