Proposal for a

COUNCIL DIRECTIVE

implementing the Agreement concluded between the General Confederation of Agricultural Cooperatives in the European Union (COGECA), the European Transport Workers' Federation (ETF) and the Association of National Organisations of Fishing Enterprises (EUROPÊCHE) of 21 May 2012 as amended on 8 May 2013 concerning the implementation of the Work in Fishing Convention, 2007 of the International Labour Organisation

(Text with EEA relevance)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union (TFEU), and in particular Article 155(2) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Management and labour ('the social partners') may in accordance with Article 155(2) of the TFEU request jointly that agreements concluded by them at Union level be implemented by a Council decision on a proposal from the Commission.
- (2) On 14 June 2007, the International Labour Organisation adopted the Work in Fishing Convention, 2007¹, aiming to create a single, coherent instrument to complete the international living and working conditions standards for this sector, embodying revised and updated standards of existing international Conventions and Recommendations applicable to fishermen, as well as the fundamental principles found in other international labour Conventions.

- (3) The Commission consulted the social partners, in accordance with Article 154(2) of the TFEU, on whether to promote the application within the Union of the provisions of the Work in Fishing Convention, 2007².
- (4) On 8 May 2013, the General Confederation of Agricultural Cooperatives in the European Union, the European Transport Workers' Federation, and the Association of National Organisations of Fishing Enterprises in the European Union, wishing to undertake a first step towards a codification of EU social acquis in the sea fishing sector and to help create a level playing field for the sea fishing sector in the EU, concluded an agreement concerning the implementation of the Work in Fishing Convention, 2007 ('the Agreement'). On 10 May 2013, these organisations requested the Commission to implement their agreement by a Council decision in accordance with Article 155(2) of the TFEU.
- (5) For the purposes of Article 288 of the Treaty, the appropriate instrument to implement the Agreement is a directive.
- (6) The Commission has drafted its proposal for a directive, in accordance with its Communication of 20 May 1998³ on adapting and promoting the social dialogue at Community level, taking into account the representative status of the signatory parties and the legality of each clause of the Agreement.
- (7) The provisions of this Directive should apply without prejudice to any existing Union provisions which are more specific or which grant a higher level of protection to all fishermen.
- (8) This Directive should not be used to justify a reduction in the general level of protection of workers in the fields covered by the Agreement.
- (9) This Directive and the Agreement annexed hereto lay down minimum standards; the Member States and the social partners may maintain or introduce more favourable provisions.

² COM(2007) 591 final.

³ COM(1998) 322 final

- (10) Without prejudice to the provisions of the Agreement on follow up and review by the social partners at EU level, the European Commission shall monitor the implementation of this Directive and the Agreement and carry out an evaluation.
- (11) The Directive will enter into force simultaneously with the Work in Fishing Convention, 2007 and the social partners wish the national measures implementing this Directive to enter into force not earlier than on the date of entry into force of the Work in Fishing Convention, 2007.
- (12) The Agreement applies to fishermen working in any capacity under a contract of employment or in an employment relationship on board of fishing vessels engaged in **sea** fishing, flying the flag of an EU Member State or registered under the plenary jurisdiction of an EU Member State.
- (13) In order to protect the occupational safety and health of the fishermen working in any capacity under a contract of employment or in an employment relationship, the Agreement may further apply to all other fishermen present on board the same fishing vessel.
- (14) Any terms used in the Agreement and which are not specifically defined therein may be defined by Member States in accordance with national law and practice, as is the case for other social policy directives using similar terms, providing that those definitions respect the content of the Agreement.
- (15) This Directive and the Agreement annexed hereto should take into account the provisions on the management of fishing capacity as highlighted in Regulation (EU) No 1380/2013⁴.
- (16) The Member States may entrust social partners, at their joint request, with the implementation of this Directive, as long as the Member States take all the necessary steps to ensure that they can at all times guarantee the results imposed by this Directive.

⁴ Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC, OJ L 354, 28.12.2013

- (17) The Commission has informed the European Parliament pursuant to Article 155(2) TFEU, by sending the text of its proposal for a Directive containing the Agreement.
- (18) This Directive respects the fundamental rights and principles recognised in the Charter of Fundamental Rights of the European Union, in particular Article 20, 31 and 32 thereof.
- (19) Since the objectives of this Directive which is intended to improve living and working conditions and to protect health and safety of workers in the sea fishing sector – which is a cross-border sector operating under the flags of different Member States – cannot be sufficiently achieved by the Member States, but can be better achieved at Union level, the European Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5(3) of the TEU. In accordance with the principle of proportionality, as set out in Article 5(4) of the TEU, this Directive does not go beyond what is necessary in order to achieve those objectives.
- (20) According to the settled case-law of the Court of Justice of the European Union⁵, the fact that an activity referred to in a directive does not yet exist in a Member State cannot release that Member State from its obligation to adopt laws or regulations in order to ensure that all the provisions of the directive are properly transposed. Both the principle of legal certainty and the need to secure the full implementation of directives in law and not only in fact require that all Member States reproduce the rules of the directive concerned within a clear, precise and transparent framework providing for mandatory legal provisions. Such an obligation applies to Member States in order to anticipate any change in the situation existing in them at a given point in time and in order to ensure that all legal persons in the Community, including those in Member States in which a particular activity referred to in a directive does not exist, may know with clarity and precision, what are, in all circumstances, their rights and obligations. According to case-law, it is only where transposition of a directive is pointless for reasons of geography that it is not mandatory. Member States should in such cases inform the Commission thereof.

⁵ See, inter alia, the Judgment of the Court of Justice of 14 January 2010 in [Case C-343/08, Commission v Czech Republic](#) ([2010] ECR I-275).

(21) In accordance with the Joint Political Declaration of 28 September 2011 of Member States and the Commission on explanatory documents⁶, Member States have undertaken to accompany, in justified cases, the notification of their transposition measures with one or more documents explaining the relationship between the components of a directive and the corresponding parts of national transposition instruments. With regard to this Directive, the legislator considers the transmission of such documents to be justified,

HAS ADOPTED THIS DIRECTIVE:
