#### **I. INTRODUCTION**

In accordance with the provisions of Article 294 of the TFEU and the joint declaration on practical arrangements for the codecision procedure <sup>1</sup>, a number of informal contacts have taken place between the Council, the European Parliament and the Commission with a view to reaching an agreement on this dossier at first reading, thereby avoiding the need for second reading and conciliation.

---

<sup>1</sup> OJ C 145, 30.6.2007, p.5

In this context, the rapporteur, Mr Vital MOREIRA (S&D, PT), presented a report on behalf of the Committee on International Trade, proposing to take over the Commission's proposal. That proposal corresponds to the agreement found in the informal contacts referred to above.

## **II. VOTE**

When it voted on 4 February 2014, the Parliament adopted its first-reading position, taking over the Commission's proposal.

The Parliament's position reflects what had been previously agreed between the institutions. The Council should therefore be in a position to approve the Parliament's position.

The act would then be adopted in the wording which corresponds to the Parliament's position.

The text adopted and the European Parliament's legislative resolution are set out in the Annex hereto.

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

<sup>2</sup> Council Regulation (EC) No 2368/2002 of 20 December 2002 implementing the Kimberley Process certification scheme for the international trade in rough diamonds (OJ L 358, 31.12.2002, p. 28).

the Union. Such cooperation would strengthen economic relations between the Union and Greenland in the diamond industry, and in particular it would enable Greenland to export rough diamonds accompanied by the EU Certificate issued for the purposes of the certification scheme, with a view to promoting the economic development of Greenland.

- (4) Regulation (EC) No 2368/2002 should be amended in order to enable Decision ...\* to enter into force and in particular to provide for the inclusion of Greenland in the certification scheme.
- (5) Accordingly, Greenland will be prohibited from accepting imports or exports of rough diamonds to or from a participant other than the Union without a valid certificate. The amendments contained in this Regulation will allow for the export of rough diamonds from Greenland to third countries as long as they are accompanied by the EU Certificate.
- (6) In addition to the existing condition for certification requiring evidence that the rough diamonds were lawfully imported into the Union, an alternative condition should be introduced for diamonds mined and extracted in Greenland that have never been exported before, in particular to provide evidence in this regard.
- (7) In addition, amendments should be made to the detailed arrangements for submitting rough diamonds to Union authorities for verification, extending to Greenland the special rules for transit, enabling Greenland's participation in the Committee for the implementation of Regulation (EC) No 2368/2002 and providing for Greenland's representation in the Kimberley Process and cooperation with other Member States through the Commission.
- (8) Regulation (EC) No 2368/2002 should therefore be amended accordingly,
