Position of the European Parliament of ... [(OJ ...)/(not yet published in the Official Journal)]  
and decision of the Council of ....

Whereas:

- (1) The European Centre for the Development of Vocational Training ("Cedefop" or "Agency") was established by Regulation (EEC) No 337/75 of the Council<sup>4</sup> to assist the Commission in encouraging, at Union level, the promotion and development of vocational training and of in-service training.
- (2) Since it was established in 1975, Cedefop has played an important role in supporting the development of a common vocational education and training policy. At the same time the concept and significance of vocational training has evolved under the influence of changing labour markets, technological developments, particularly in the digital area, and increasing labour mobility. Vocational training policies have evolved accordingly and encompass a variety of instruments and initiatives, some of which, namely those related to skills and qualifications, including validation of learning, necessarily go beyond the traditional boundaries of vocational education and training. Therefore the nature of Cedefop activities should be clearly defined and consequently, the terminology used to describe the objectives and tasks of Cedefop in Regulation (EEC) No 337/75 should be adapted whilst staying within the remit of the Treaty provisions for vocational education and training.
- (3) The 2013 Cedefop evaluation report concluded that Regulation (EEC) No 337/75 should be amended to include the Agency's work on skills as one of its tasks and to integrate more clearly the work on policy reporting and common European tools and initiatives.
- (4) Supporting the implementation of a vocational education and training policy will require a focus on the interface between education and training and the world of work, making sure that the knowledge, skills and competences acquired support lifelong learning and employability in changing labour markets and are relevant to the needs of citizens and society.

---

<sup>4</sup> Regulation (EEC) No 337/75 of the Council of 10 February 1975 establishing a European Centre for the Development of Vocational Training (OJ L 039, 13.2.1975, p.1).

- (5) Council Regulation (EEC) No 337/75 has been amended several times. Since further amendments are to be made, it should be replaced and repealed in the interest of clarity.
- (6) The rules governing the Agency should, to the extent possible and taking into account its tripartite nature, be established in accordance with the principles of the Joint statement of the European Parliament, the Council of the European Union and the European Commission on decentralised agencies of 19 July 2012.
- (6a) This Regulation therefore does not preclude any further amendments to the Founding Regulation of Cedefop which the Commission may wish to propose following further evaluation, as provided for in this act or on its own initiative. The Commission will evaluate the objectives, mandate, governance and tasks of all Union agencies acting in the field of labour market, working conditions, vocational education and training and skills.
- (7) As the three tripartite agencies, namely Cedefop, the European Foundation for the improvement of living and working conditions (Eurofound) and the European Agency for Safety and Health at Work (EU-OSHA), address issues related to the labour market, working environment, vocational education and training, and skills, close coordination among them is required and ways to enhance efficiency and synergies should be exploited. In addition, where relevant, the Agency should seek to engage in efficient cooperation with the in-house research capacities of Union institutions and external specialised bodies .
- (7a) In order to streamline the decision-making process in the Agency and to contribute to enhancing efficiency and effectiveness, a two-level governance structure should be introduced. To that end, the Member States, the national employers and employees organisations and the Commission should be represented in a Management Board vested with the necessary powers, including the power to adopt the budget and approve the programming document. In the programming document, containing the Agency's multi-annual programming and its annual work program, the Management Board should lay down the strategic priorities of the Agency's activities.

- (7b) In order for the Agency to function properly, the Member States, the European employers and employees organisations and the Commission should ensure that persons to be appointed to the Management Board have appropriate knowledge in the field of vocational education and training, skills and qualifications with a view to making significant and strategic decisions, and to overseeing the Agency's activity.
- (7c) The Executive Board should be set up with the task of preparing the meetings of the Management Board in an appropriate manner and supporting its decision-making and monitoring processes. In assisting the Management Board, the Executive Board should, where appropriate, take provisional decisions subject to final endorsement by the Management Board. The rules of procedure of the Executive Board should be adopted by the Management Board.
- (7d) The Executive Director should be responsible for the overall management of the Agency according to the strategic direction set by the Management Board, including day-to-day administration, financial and human resources management. The Executive Director should exercise the powers entrusted to him/her. These powers may be suspended under exceptional circumstances, such as conflicts of interest or a serious failure to comply with obligations under the Staff Regulations.
- (7e) The Agency currently operates a liaison office in Brussels. The possibility of operating that office should be maintained.
- (9) The provisions concerning Cedefop's staff set out in Regulation (EEC) No 337/75 should be aligned with the Staff Regulations of Officials of the European Union ("Staff Regulations") and the Conditions of Employment of Other Servants of the European Union ("Conditions of Employment of Other Servants"), laid down by Council Regulation (EEC, Euratom, ECSC) No 259/68<sup>5</sup>.

---

<sup>5</sup> Regulation (EEC, Euratom, ECSC) No 259/68 of the Council of 29 February 1968 laying down the Staff Regulations of Officials and the Conditions of Employment of Other Servants of the European Communities and instituting special measures temporarily applicable to officials of the Commission (OJ L 56, 4.3.1968, p. 1).

- (10) The Agency should take the necessary measures to ensure the safe handling and processing of confidential information. Where required Cedefop should adopt security rules as set out in Commission Decision (EU, Euratom) 2015/443<sup>6</sup> and Commission Decision (EU, Euratom) 2015/444<sup>7</sup>.
- (8) The new financial provisions and provisions for programming and reporting governing the Agency replacing those found in Regulation (EEC) No 337/75 should be aligned with Commission Delegated Regulation (EU) No 1271/2013<sup>8</sup>.
- (11) It is necessary to provide for transitional budgetary provisions and transitional provisions on the Management Board and staff to ensure continuation of activities of the Agency pending the entry into force of this Regulation.

HAVE ADOPTED THIS REGULATION:

<sup>8</sup> Commission Delegated Regulation (EU) No 1271/2013 of 30 September 2013 on the framework financial regulation for the bodies referred to in Article 208 of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council (OJ L 328, 7.12.2013, p. 42).
