'I/A' ITEM NOTE

From: General Secretariat of the Council
To: Permanent Representatives Committee/Council
No. prev. doc.: 15562/16
Subject: Request for risk assessment on new psychoactive substance N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide (acryloylfentanyl)

1. In accordance with Article 5 of Council Decision 2005/387/JHA on the information exchange, risk assessment and control of new psychoactive substances, Europol and EMCDDA submitted the Joint Report on a new psychoactive substance N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide (acryloylfentanyl) (doc. 14603/16 CORDROGUE 72 SAN 397).

2. In conformity with Article 6(1) of Council Decision 2005/387/JHA, the Commission requested that the risk assessment be conducted (doc. 15562/16 CORDROGUE 86 SAN 433). Moreover, a number of Member States also asked for the risk assessment to take place.

3. As a consequence, COREPER is invited to propose that the Council requests that the risks, including the health and social risks, caused by the use of, the manufacture of, and traffic in N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide (acryloylfentanyl), the involvement of organised crime and possible consequences of control measures, be assessed in accordance with the procedure set out in paragraphs 2 to 4 of Article 6 of the above-mentioned Council Decision.
 4. Subsequently, the General Secretariat of the Council of the EU is invited to notify this request to the EMCDDA.
