ANNEX 1

ANNEX

to the

COMMISSION REGULATION (EU) .../..

**refusing to authorise certain health claims made on foods, other than those referring to
the reduction of disease risk and to children's development and health**

ANNEX

Rejected health claims

Application – Relevant provisions of Regulation (EC) No 1924/2006	Nutrient, substance, food or food category	Claim	EFSA opinion reference
Article 13(5) health claim based on newly developed scientific evidence and/or including a request for the protection of proprietary data	Low-fat fermented milk with a combination of fructo-oligosaccharides (FOS) and live <i>Lactobacillus rhamnosus</i> GG (ATCC 53103), <i>Streptococcus thermophilus</i> (Z57) and <i>Lactobacillus delbrueckii</i> subsp. <i>bulgaricus</i> (LB2).	Consumption of low-fat fermented milk with a combination of fructo-oligosaccharides (FOS) and live <i>Lactobacillus rhamnosus</i> GG (ATCC 53103), <i>Streptococcus thermophilus</i> (Z57) and <i>Lactobacillus delbrueckii</i> subsp. <i>bulgaricus</i> (LB2) helps to reduce recurrence of lip cold sores caused by Herpes simplex virus infection in healthy susceptible individuals.	Q-2015-00488
Article 13(5) health claim based on newly developed scientific evidence and/or including a request for the protection of proprietary data	FHI LFC24, a bovine milk-derived casein hydrolysate.	FHI LFC24 helps to regulate blood glucose levels following food consumption.	Q-2015-00755
Article 13(5) health claim based on newly developed scientific evidence and/or including a request for the protection of proprietary data	V0137, a DHA enriched fish oil.	V0137, in association with physical and intellectual training, helps to slow the age-related cognitive decline in domains such as memory and executive function.	Q-2016-00071
