Remarks

This article is intended to record appropriations resulting from the mobilisation of the European Union Solidarity Fund in the event of major or regional disasters in the Member States. Assistance should be provided in connection with natural disasters to the Member States concerned, with a deadline being laid down for use of the financial assistance awarded and provision being made for beneficiary states to substantiate the use made of the assistance they receive. Assistance received which is subsequently offset by third-party payments, under the "polluter pays" principle, for example, or received in excess of the final valuation of damage should be recovered.

With the exception of the advance payments, the allocation of the appropriations will be decided on by transfers of appropriations from the reserve or by an amending budget in case of insufficient appropriations in the reserve, simultaneously to the mobilisation decision of the European Union Solidarity Fund.
