THE COUNCIL OF THE EUROPEAN UNION

- (1) RECALLS its conclusions setting up the four current macro-regional strategies of the Union, namely the EU Strategy for the Baltic Sea Region (EUSBSR) of 2009, the EU Strategy for the Danube Region (EUSDR) of 2011, the EU Strategy for the Adriatic and Ionian Region (EUSAIR) of 2014 and the EU Strategy for the Alpine Region (EUSALP) of 2015¹, as well as its conclusions of 22 October 2013 on the added value of Macro-regional strategies² and of 21 October 2014 on the governance of macro-regional strategies³;
- (2) RECALLS its conclusions of 27 November 2015 on EUSALP, asking the European Commission to draft a report every two years, starting end 2016, on the implementation of EUSALP, and taking note of the Commission's intention to draft a single report every two years, starting end 2016, describing the progress made towards the implementation of all macro-regional strategies;
- (3) RECOGNISES the importance of the Union's macro-regional strategies as a unique integrated framework to address common challenges faced by a defined geographical area covering Member States and third countries which thereby benefit from strengthened cooperation contributing to the achievement of economic, social and territorial cohesion;

¹ Council conclusions on the European Union Strategy for the Baltic Sea Region (doc. 13744/09), Council conclusions on the European Union Strategy for the Danube Region (doc. 8388/11 + ADD 1 REV 1), Council conclusions on the European Union Strategy for the Adriatic and Ionian Region (doc. 13503/14) and Council conclusions on the European Union Strategy for the Alpine Region (doc. 14613/15).

³ Doc. 16207/14.

- (4) REAFFIRMS that macro-regional strategies, based on the principles of no new EU funds, no additional EU formal structures and no new EU legislation, are an instrument for optimal use of existing financial resources, better use of existing institutions and better implementation of existing legislation;
- (5) WELCOMES the submission by the Commission of a single report on the implementation of all four above-mentioned macro-regional strategies⁴;
- (6) WELCOMES the progress and first results of the strategies and their contribution to territorial cohesion, a more integrated implementation of the Union's sectoral policies, as well as closer relations with third countries, and REITERATES the need to cooperate closely with existing multilateral institutions and under existing agreements;
- (7) NOTES that all four strategies face common and individual challenges and can be further developed, notably regarding governance, result-orientation, purposeful funding, communication and-cooperation;
- (8) CONSIDERS that the governance of the strategies could be further strengthened to improve their effectiveness; in this context, INVITES the participating countries and their regions

- (12) CONSIDERS that while a sustainable contribution of the macro-regional strategies to territorial cohesion relies on long-term strategic thinking, the strategies should remain open to address new common challenges;
- (13) NOTES that the Commission intends to submit to the Council, in the course of this year, reports on Border Obstacles and on activities under the Urban Agenda for the EU, and LOOKS FORWARD to examine these reports, also against the background that their findings might help to improve the implementation of macro-regional strategies;

- (18) NOTES the need for more detailed, reliable and comparable data regarding the implementation of macro-regional strategies, and CALLS on the Commission to gather such data, taking into account the related administrative burden for stakeholders and making the best possible use of existing data sources and technical assistance means, and provide these data to the Council;
- (19) CONSIDERS that information on good practices which can be transferred from one strategy to another would facilitate the implementation, and CALLS on the Commission to support and organise the sharing and transfer of such practices *inter alia* in cooperation with the INTERACT programme;
- (20) CALLS on the Commission, participating countries and their regions to communicate the results achieved by the strategies as broadly as possible in order to increase the visibility of the strategies, in particular for the general public;
