9570/17 MIGR 81 SOC 423 CODEC 900

The Committee discussed the main outstanding issues. With regards to Recital 32 and Article 15(2) of the Proposal, the Council Legal Service indicates that the clarification introduced in the operative part of the text cannot be understood as changing the meaning of the other legal migration acts, and in particular Recital 24 of Directive 2011/98, Recital 46 of Directive 2014/36 and Recital 55 of Directive 2016/801. Such a clarification is merely a technical improvement of the text of the Proposal but it cannot be read as creating an *a contrario* interpretation with the above-mentioned legal acts.

= Mandate for negotiations with the European Parliament
10079/17 ASILE 42 EURODAC 19 ENFOPOL 293 CODEC 1000

The Committee agreed to include new items in the mandate given to the Presidency last December, allowing it to start negotiations with the European Parliament on the basis of the Presidency compromise set out in 10079/17.

Statement by Belgium

"Concernant la possibilité offerte aux autorités répressives d'effectuer des recherches alphanumériques dans la base de données Eurodac, la Belgique désire rappeler ses préoccupations légales, déjà avancées lors des négociations, et relatives au fait que cette fonctionnalité est uniquement proposée à des fins répressives, lesquelles sont définies dans le règlement comme étant un objectif secondaire, sans pour autant être prévue, sous conditions strictes conformément aux exigences de protection des données, pour la finalité migratoire qui constitue pourtant l'objectif principal du règlement Eurodac.

La Belgique considère que prévoir un accès alphanumérique pour les autorités migratoires aurait constitué une valeur-ajoutée dans le contexte du maintien de l'équilibre entre les finalités du règlement.

Néanmoins, en vue de parvenir à un accord sur cette partie importante de la réforme du Régime d'Asile Européen Commun, la Belgique peut soutenir le compromis de la Présidence tel qu'il est présenté dans le document 10079/17 du 12 juin 2017 et marque son accord pour que les trilogues commencent aussi tôt que possible."

Statement by the United Kingdom

"The United Kingdom notes the adoption of the Draft Regulation of the European Parliament and of the Council amending Council Regulation (EC) No 1683/1995 laying down a uniform format for visas. The United Kingdom considers that this Regulation does not constitute a measure that builds on the Schengen acquis for the UK, as it amends a measure that was adopted prior to the incorporation of the Schengen acquis into Union law and that was not listed as part of the Schengen acquis. The United Kingdom considers that as the Regulation falls within the scope of Title V of Part Three of the Treaty on the Functioning of the European Union, Protocol (No. 21) to the Treaties on the position of the United Kingdom and Ireland in respect of the Area of Freedom, Security and Justice should have applied to this Regulation."

Statement by the Czech Republic

"The Czech Republic would like to appreciate the effort of the Maltese Presidency in the preparation of the draft Action Plan on Drugs, particularly in the field of indicators and the connection of both legal and illegal substances.

However, we think that the Action Plan should better respond to the current evidence-based policy and should be able to effectively reflect and implement effort by one of the Member States to prevent the spread of epidemics.

According to the Czech Republic, it is important to create specific tools to respond effectively to challenges, in this case a network to strengthen cooperation to tackle the rising trend of stimulant addiction, in particular methamphetamine. Regarding the effective responses, the Action Plan should include recommendations to Member State governments for budgetary measures which should be the basis for National Action Plans.

The Czech Republic understands that it is a single country with serious problem with the production and use of methamphetamine, but there is a significant risk of massive spread to the whole of Europe.

In this regard, the Czech Republic would like to express dissatisfaction with this draft Action Plan on drugs, but will not oppose the adoption of this Action Plan."

36. New Psychoactive Substances

Proposal for a Directive of the European Parliament and of the Council amending Council Framework Decision 2004/757/JHA of 25 October 2004 laying down minimum provisions on the constituent elements of criminal acts and penalties in the field of illicit drug trafficking, as regards the definition of drug **(First reading)**

9957/17 CORDROGUE 76 DROIPEN 81 CODEC 977 JAI 576 SAN 232

Statement by Austria

"We support the main goal, that is "to extend the application of the Union criminal law provisions that apply to illicit drug trafficking to new psychoactive substances posing severe public health and, where applicable, social risks" (recital 7).

However, we think that not all provisions of Framework Decision 2004/757/JHA should apply to new psychoactive substances.

Among the conduct described in sub-paragraphs (a), (c) and (d) of Art. 2 paragraph 1 of FD 2004/757, we think that Member States should be given the discretion if the conduct described under (c) – possession or purchase – should be criminalized or not. As the Directive contains minimum standards, any Member State is free to go further – but Member States should not be obliged, by virtue of Union Law, to criminalize such behaviour. Such a more limited approach of the Union legislator would be in line with the principle of subsidiarity in general and also with the conditions foreseen by the Treaties for legislating in criminal law:

"The European Parliament and the Council may, by means of directives adopted in accordance with the ordinary legislative procedure, establish minimum rules concerning the definition of criminal offences and sanctions **in the areas of particularly serious crime with a cross-border dimension resulting from the nature or impact of such offences or from a special need to combat them on a common basis.**" (Art. 83 paragraph 1 TFEU)

We think that the possession or purchase of new psychoactive substances in itself do not fulfil the cited (highlighted) criteria of the Treaty."

Statement by France

"La France endosse les conclusions du Conseil de l'Union européenne «Un futur européen durable: la réponse européenne à l'Agenda 2030 pour le développement durable».

Se référant à la déclaration qu'elle a émise lors de l'adoption de la Déclaration des Nations unies sur les droits des peuples autochtones du 13 septembre 2007, la France tient à rappeler qu'en vertu des principes à valeur constitutionnelle d'indivisibilité de la République et d'unicité du peuple français, le peuple français est composé de tous les citoyens français sans aucune distinction d'origine, de race ou de religion. En vertu de ces mêmes principes et du principe d'égalité des citoyens devant la loi, seul le peuple français dans son ensemble peut se voir conférer des droits, aussi la France ne reconnaît aucun droit collectif à quelque groupe que ce soit, défini par une communauté d'origine, de culture, de langue ou de croyance."

La France reste engagée pour que la réalisation des objectifs du développement durable bénéficie à toutes les personnes, y compris celles appartenant à des populations autochtones, sans aucune discrimination."

Statement by Luxembourg, supported by Sweden

"Le Luxembourg regrette que les conclusions du Conseil sur la mise en œuvre de l'Agenda 2030, qui définiront la réponse de l'Union européenne à l'Agenda 2030 des Nations unies, ne prennent pas suffisamment en compte le volet externe de l'Agenda 2030 en matière de coopération au développement, notamment pour ce qui est de notre engagement de longue date de consacrer 0,7 pourcent du revenu national brut à l'aide publique au développement (APD), ainsi que concernant notre engagement d'accorder une importance particulière aux pays les moins avancés (PMA) en allouant entre 0,15 et 0,20 pourcent de l'APD à ce groupe de pays les plus nécessiteux.

Le Luxembourg reconnaît que les moyens de mise en œuvre financiers et non-financiers de l'Agenda 2030 et du plan d'action d'Addis Abeba sont certes multiples, mais part du point de vue que l'APD continuera à jouer un rôle important, notamment pour les PMA.

Ainsi, le Luxembourg regrette que les conclusions du Conseil ne mentionnent pas de manière précise les engagements financiers de l'Union européenne et de ses États membres en matière d'APD en général (0,7% RNB) et de priorité à donner aux PMA (0,15-0,20 RNB), tel que précisé dans l'Agenda 2030 - et notamment les objectifs du développement durable 1 et 17 - et dans le plan d'action d'Addis Abeba qui est une partie intégrante de l'Agenda 2030."
