COUNCIL DIRECTIVE

amending Directive 2006/112/EC and Directive 2009/132/EC as regards certain value added tax obligations for supplies of services and distance sales of goods

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 113 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Parliament¹,

Having regard to the opinion of the European Economic and Social Committee²,

Acting in accordance with a special legislative procedure,

¹ OJ C , , p. .

² OJ C , , p. .

Whereas:

- (1) Council Directive 2006/112/EC³ provides for special schemes for charging value added tax (VAT) for non-established taxable persons providing telecommunications, broadcasting or electronically supplied services to non-taxable persons.
- (2) Council Directive 2009/132/EC⁴ provides for an exemption from VAT of imports of small consignments of negligible value.
- (3) The assessment of those special schemes as introduced on 1 January 2015 has identified a number of areas for improvement. First, the burden for micro-businesses established in a Member State occasionally supplying such services to other Member States of having to comply with VAT obligations in Member States other than their Member State of establishment should be reduced. A Community-wide threshold should therefore be introduced up to which these supplies remain subject to VAT in their Member State of establishment. Second, the requirement of having to comply with the invoicing and record keeping requirements of all Member States to which supplies are made is very burdensome. Hence, to minimise burdens on business, the rules concerning invoicing should be those applicable in the Member State of identification of the supplier making use of the special schemes. Third, taxable persons not established in the Community but having a VAT registration in a Member State (e.g. because they carry out occasional transactions subject to VAT in that Member State) can use neither the special scheme for taxable persons not established in the Community, nor the special scheme for taxable persons established in the Community. As a consequence, it is proposed that such taxable persons should be permitted to use the special scheme for taxable persons not established within the Community.

³ Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax (OJ L 347, 11.12.2006, p. 1).

⁴ Council Directive 2009/132/EC of 19 October 2009 determining the scope of Article 143(b) and (c) of Directive 2006/112/EC as regards exemption from value added tax on the final importation of certain goods (OJ L 292, 10.11.2009, p. 5).

- (4) Furthermore, the assessment of the special schemes for the taxation of telecommunications, broadcasting or electronically supplied services introduced on 1 January 2015 has shown that the requirement to submit the VAT return within 20 days following the end of the tax period covered by the return is too short, in particular for supplies through a telecommunications network, an interface or a portal, where the services supplied through that network, interface or portal are presumed to be supplied by the operator of the network, interface or portal, who has to collect the information to complete the VAT return from each single service supplier. The assessment has also shown that the requirement to make corrections in the VAT return of the tax period concerned is very burdensome for taxable persons, as it may require them to re-submit several VAT returns every quarter. As a consequence, the deadline to submit the VAT return should be extended from 20 to 30 days following the end of the tax period and taxable persons should be allowed to correct previous VAT returns in a subsequent return instead of in the returns of the tax periods to which the corrections relate.
- (5) To avoid that taxable persons supplying services other than telecommunications, broadcasting or electronically supplied services to non-taxable persons have to be identified for VAT purposes in each and every Member State where these services are subject to VAT, Member States should permit taxable persons supplying such services to make use of the IT system for registration and for declaration and payment of the VAT allowing them to declare and pay VAT on these services in a single Member State.
- (6) In order to clarify the scope of provisions dealing with the situations where goods are purchased and supplied further down to the subsequent buyer reference to new means of electronic interaction via which transactions are concluded should be made with a view of taking into account technological developments.

- (7) The realisation of the internal market, globalisation, and technological change have resulted in an explosive growth of electronic commerce and, hence, of distance sales of goods, both supplied from one Member State to another and from third territories or third countries to the Community. The relevant provisions of Directives 2006/112/EC and 2009/132/EC should be adapted to this evolution, taking into account the principle of taxation at destination, the need to protect Member States' tax revenue, to create a level playing field for the businesses concerned and to minimise burdens on them. The special scheme for telecommunications, broadcasting or electronically supplied services supplied by taxable persons established within the Community but not in the Member State of consumption should therefore be extended to intra-Community distance sales of goods and a similar special scheme should be introduced for distance sales of goods imported from third territories or third countries.
- (8) To reduce the burden for businesses making use of the special scheme for intra-Community distance sales of goods, the obligation to issue an invoice for such sales should be removed. To provide legal certainty to such businesses, the rules determining the place of those supplies of goods should clearly state that they apply also where the goods are transported or dispatched indirectly on behalf of the supplier or where the supplier intervenes indirectly in the transport or dispatch of the goods.
- (9) The scope of the special scheme for distance sales of goods imported from third territories or third countries should be restricted to sales of goods of an intrinsic value not exceeding EUR 150, as of which a full customs declaration is required for customs purposes upon importation. In order to avoid double taxation, an exemption from value added tax upon importation of the goods declared under this special scheme should be introduced. In addition, in order to avoid distortion of competition between suppliers inside and outside the Community and to avoid losses of tax revenue, it is necessary to remove the exemption for imports of goods in small consignments of negligible value provided for in Directive 2009/132/EC.

- (10) A taxable person making use of the special scheme for distance sales of goods imported from third territories or third countries should be allowed to appoint an intermediary established in the Community as the person liable for payment of the VAT and to fulfil the obligations laid down in the special scheme in his name and on his behalf.
- (11) In order to protect Member States' tax revenue, a taxable person not established in the Community making use of this special scheme should be obliged to designate an intermediary. However, this obligation should not apply if he is established in a country with which the Union has concluded an agreement on mutual assistance.
- (12) In order to ensure uniform conditions for the implementation of this Directive concerning the establishment of the list of third countries with which the Union has concluded an agreement on mutual assistance similar in scope to Council Directive 2008/55/EC⁵ and Council Regulation (EU) No 904/2010⁶, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council⁷. Since the establishment of the list of third countries is directly linked with the administrative cooperation in the field of value added tax, it is appropriate that the Commission is assisted by the Standing Committee on Administrative Cooperation set up by Article 58 of Regulation (EU) No 904/2010.

⁵ Council Directive 2008/55/EC of 26 May 2008 on mutual assistance for the recovery of claims relating to certain levies, duties, taxes and other measures (OJ L 150, 10.6.2008, p. 28).

⁶ Council Regulation (EU) No 904/2010 of 7 October 2010 on administrative cooperation and combating fraud in the field of value added tax (OJ L 268, 12.10.2010, p. 10).

⁷ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by the Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (13) Following the explosive growth of electronic commerce and the resulting increase in the number of small consignments of an intrinsic value not exceeding EUR 150 imported in the Community, Member States should systematically permit the use of special arrangements for declaration and payment of import VAT. This arrangement can be applied where the special scheme for distance sales of goods imported from third territories or third countries is not used and where the final customer did not opt for the standard import procedure in order to avail himself of a potential reduced VAT rate.
- (14) The date of application of the provisions of this Directive shall, where relevant, take account of the time needed to put in place the measures necessary to implement this Directive and for the Member States to adapt their IT system for registration and for declaration and payment of the VAT.
- (15) Since the objectives of this Directive, namely the simplification of VAT obligations, cannot be sufficiently achieved by the Member States and can therefore be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Directive does not go beyond what is necessary in order to achieve those objectives.
- (16) In accordance with the Joint Political Declaration of Member States and the Commission of 28 September 2011 on explanatory documents⁸, Member States have undertaken to accompany, in justified cases, the notification of their transposition measures with one or more documents explaining the relationship between the components of a directive and the corresponding parts of national transposition instruments. With regard to this Directive, the legislator considers the transmission of such documents to be justified.
- (17) Directives 2006/112/EC and 2009/132/EC should therefore be amended accordingly,

HAS ADOPTED THIS DIRECTIVE:

⁸ OJ C 369, 17.12.2011, p. 14.

Proposal for a

COUNCIL IMPLEMENTING REGULATION

amending Implementing Regulation (EU) No 282/2011 laying down implementing measures for Directive 2006/112/EC on the common system of value added tax

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax⁹, and in particular Article 397 thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Council Implementing Regulation (EU) No 282/2011¹⁰ lays down detailed provisions for the presumption of the location of the customer for determining the place of supply of telecommunications, broadcasting or electronically supplied services provided to non-taxable person.
- (2) The evaluation of the requirements for the application of those presumptions has shown that for the taxable person established in a Member State and supplying such services to non-taxable person in other Member States, to obtain, under certain circumstances, two items of non-contradictory evidence of the place where his customer is established or has his permanent address or usually resides, is extremely burdensome.

⁹ OJ L 347, 11.12.2006, p. 1.

¹⁰ Council Implementing Regulation (EU) No 282/2011 of 15 March 2011 laying down implementing measures for Directive 2006/112/EC on the common system of value added tax (OJ L 77, 23.3.2011, p. 1).

- (3) The burden is particularly onerous for small and medium-sized companies. The requirement for one piece of evidence should simplify the obligations for such companies whose intra-Community supplies to consumers in other Member States are below a certain threshold.
- (4) The simplification of the requirement to prove the customer's location is complementary to the amendments introduced by Article 1 of Council Directive [...] /EU¹¹ in the special schemes laid down in Chapter 6 of Title XII of Directive 2006/112/EC and should therefore apply from the same date.
- (5) Implementing Regulation (EU) No 282/2011 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 24b of Implementing Regulation (EU) No 282/2011, the following second and third paragraphs are added:

'For supplies of services falling under point (d) of the first paragraph where the total value of such supplies, exclusive of VAT, provided by a taxable person from his business establishment or a fixed establishment located in a Member State, does not exceed EUR 100 000, or the equivalent in national currency, in the current and the preceding calendar year, the presumption shall be that the customer is established, has his permanent address or usually resides at the place identified as such by the supplier on the basis of one item of evidence provided by a person involved in the supply of the services other than the supplier or the customer, as listed in Article 24f points (a) to (e).

Where, during a calendar year, the threshold provided in the second paragraph has been reached, that paragraph shall not apply as of that time and until such time as the conditions provided in that paragraph are fulfilled again.

¹¹ Council Directive [...] /EU of [...] amending Directive 2006/112/EC and Directive 2009/132/EC as regards certain value added tax obligations for supplies of services and distance sales of goods.

The corresponding value in national currency of the amount shall be calculated by applying the exchange rate published by the European Central Bank on the date of adoption of this Regulation.'

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2018.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
