Proposal for a

COUNCIL DECISION

on the conclusion of the Agreement for scientific and technological cooperation between the European Union and the Hashemite Kingdom of Jordan setting out the terms and conditions for participation of the Hashemite Kingdom of Jordan in the Partnership for Research and Innovation in the Mediterranean Area (PRIMA)

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

• **Reasons for and objectives of the proposal**

On 30 May 2017 the Council authorised the Commission to open negotiations, on behalf of the Union, with the Hashemite Kingdom of Jordan ('Jordan') on an International Agreement between the Union and Jordan laying down the terms and conditions for the participation of Jordan in the Partnership for Research and Innovation in the Mediterranean Area ('PRIMA').

According to the terms of the Council authorising decision, negotiations could only be started upon adoption of a Decision of the European Parliament and of the Council on the participation of the Union in the Partnership for Research and Innovation in the Mediterranean Area (PRIMA) jointly undertaken by several Member States.

The negotiations started on 26 June 2017 and were successfully completed on 10 July 2017, when the draft Agreement text was initialled by the representatives of each of the future Parties. The draft Agreement attached to this proposal is in line with the negotiating directives issued by the Council. In particular, it establishes that the terms and conditions for the participation of Jordan in PRIMA shall be those set out in Decision (EU) 2017/1324¹, making direct reference to the Union legislative act.

In order to ensure the protection of Union financial interests, particularly the powers of the Commission, the European Anti-Fraud Office, the Court of Auditors and the PRIMA Implementation Structure (PRIMA-IS) to carry out audits and investigations in accordance with the applicable Union legislation, the Agreement makes specific reference to the relevant provisions of Decision (EU) 2017/1324 and obliges the Parties to provide all necessary assistance to ensure their implementation. In addition, the future Agreement stipulates that the Parties must agree on detailed arrangements for assistance, such arrangements being essential to their cooperation under this Agreement.

• **Consistency with existing policy provisions in the policy area**

As also presented in the impact assessment report for PRIMA² the openness of PRIMA to the participation of third countries such as Jordan is consistent with the objectives of international cooperation for research and innovation as outlined in the 2012 Commission Communication 'Enhancing and focusing EU international cooperation in research and innovation: A strategic approach'³ and Horizon 2020 Framework Programme, which promotes cooperation with third countries in science, technology and innovation in order to tackle global societal challenges and support Union external policies. This Agreement is also consistent with the existing Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Hashemite Kingdom of Jordan, of the other part⁴ and the Agreement between the European Community and the Hashemite Kingdom of Jordan on Scientific and Technological Cooperation⁵ which provide for cooperation between

2. LEGAL ELEMENTS OF THE PROPOSAL

In the light of the above, the Commission proposes that the Council concludes the Agreement on behalf of the European Union.

In order to ensure that Jordan participates in PRIMA on an equal footing with Member States and third countries associated to Horizon 2020, an International Agreement with the Union is required to extend the scope of the legal regime established by Decision (EU) 2017/1324 to Jordan.

1.5.4. *Compatibility and possible synergy with other appropriate instruments*
