Subject: Proposal for a DIRECTIVE OF THE EUROPEAN PARLIAMENT AND OF
THE COUNCIL on the promotion of the use of energy from renewable
sources (recast)
- Guidance for further work

Delegations are invited to note the following two corrections.

In the cover note, point 4, p. 3, the second bullet point should read as follows:

- "a sub-target **starting from** ~~of~~ [0.5%] for 'advanced biofuels' (Art. 25(1)), *i.e.* fuels from feedstock listed in **Part A of** Annex IX;"

Art. 25(1), second subpara, p. 102, should read as follows:

(N.B.: the only change is: "0.5%")

"~~[The minimum]~~ Within this total share, ~~[share shall be at least equal to 1.5% in 2021, increasing up to at least 9% in 2030, following the trajectory set out in part B of Annex X.~~ Within this total share, the contribution of [] biofuels and biogas produced from feedstock listed in part A of Annex IX shall be at least **0.5 %**¹ of the transport fuels supplied for consumption ~~[or use on the market]~~ as of 1 January 2021, increasing up to at least [] **5.3**% by 2030 ~~[, following the trajectory set out in part C of Annex X]~~."

¹ **Note: the level of this subtarget has to be looked at together with the possible double counting of the feedstock.**
