ANNEX XVII  
GEOGRAPHICAL INDICATIONS

---

## ANNEX XVII-A

### ELEMENTS FOR REGISTRATION AND CONTROL OF GEOGRAPHICAL INDICATIONS AS REFERRED TO IN ARTICLE 170(1) AND (2)

1. A register listing geographical indications protected in the territory;
2. An administrative process verifying that geographical indications identify a good as originating in a territory, region or locality of one or more states, where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin;
3. A requirement that a registered name shall correspond to a specific product or products for which a product specification is laid down, which can only be amended by due administrative process;
4. Control provisions applying to production;
5. A right for any producer established in the area who submits to the system of controls to produce the product labelled with the protected name provided he complies with the product specification;
6. An objection procedure that allows the legitimate interests of prior users of names, whether those names are protected as a form of intellectual property or not, to be taken into account;

7. A rule that protected names may not become generic;
  8. Provisions concerning the registration, which may include refusal of registration, of terms homonymous or partly homonymous with registered terms, terms customary in common language as the common name for goods, terms comprising or including the names of plant varieties and animal breeds. Such provisions shall take into account the legitimate interests of all parties concerned.
-

## ANNEX XVII-B

### CRITERIA TO BE INCLUDED IN THE OBJECTION PROCEDURE FOR PRODUCTS REFERRED TO IN ARTICLES 170(2) AND (3)

- (a) List of name(s) with the corresponding transcription into Latin or Georgian characters.
- (b) Information about the product class.
- (c) Invitation to any Member State, in the case of the EU, or third country or any natural or legal persons having a legitimate interest, established or resident in a Member State in the case of the European Union, in Georgia or in a third country to submit objections to such protection by lodging a duly substantiated statement.
- (d) Statements of objection must reach the European Commission or the Georgian Government within three months from the date of the publication of the information notice.
- (e) Statements of objection shall be admissible only if they are received within the time-limit set out in point (d) and if they show that the protection of the name proposed would:
  - (i) conflict with the name of a plant variety, including a wine grape variety or an animal breed and as a result is likely to mislead the consumer as to the true origin of the product;
  - (ii) conflict with a homonymous name and which would mislead the consumer into believing that products come from another territory;

- (iii) in the light of a trademark's reputation and well-known and the length of time it has been used, be liable to mislead the consumer as to the true identity of the product;
  - (iv) jeopardise the existence of an entirely or partly identical name or of a trademark or the existence of products which have been legally on the market for at least five years preceeding the date of the publication of the information notice;
  - (v) conflict with a name that is considered generic.
  - (f) The criteria referred to in point (e) shall be evaluated in relation to the territory of the EU, which in the case of intellectual property rights refers only to the territory or territories where the rights are protected, or the territory of Georgia.
-

## ANNEX XVII-C

GEOGRAPHICAL INDICATIONS OF PRODUCTS  
AS REFERRED TO IN ARTICLE 170(3) AND (4)

Agricultural products and foodstuffs others than wines,  
spirit drinks and aromatised wines of the European Union to be protected in Georgia

Member State of the European Union	Name to be protected	Transcription in Georgian characters	Type of product
