Subject:	Proposal for a regulation of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation)

---

Following the DAPIX meeting of 10-11 April, the DAPIX Chair kindly invites delegations to provide written comments regarding:

a) the Presidency's proposal regarding Art. 26 (Processor)

b) the Presidency's proposals regarding data protection impact assessment and prior authorisation

c) the Presidency's revised proposals regarding profiling:

- What is currently regulated in your national law implementing Art 15 of the 1995 Directive?  
Is profiling as defined in Art. 4 (12a) covered by your national law?
  
- Do you consider decisions based solely on automated processing (in the meaning of Art. 15 of the Data Protection Directive) as identical with the notion of profiling (in combination with the notion of profile as defined in Art 4 (12b) or do you consider profiling as a sub-category of automated decision making?
  
- Do you consider a "profile" (conceived as information related to a natural person in his/her capacity as consumer or social networks user) as identical with the notion of profile as defined in Art. 4 (12b)?

Delegations are invited to send in comments by **2 May 2014 cob** to the General Secretariat of the Council, to the attention of Ms Christina Stromholm ([christina.stromholm@consilium.europa.eu](mailto:christina.stromholm@consilium.europa.eu)).
