Subject:	Request for risk assessment on new psychoactive substance 4,4'-DMAR (4-methyl-5-(4-methylphenyl)-4,5-dihydrooxazol-2-amine)

---

1. In accordance with Article 5 of Council Decision 2005/387/JHA on the information exchange, risk assessment and control of new psychoactive substances, Europol and EMCDDA submitted the Joint Report on a new psychoactive substance 4,4'-DMAR (4-methyl-5-(4-methylphenyl)-4,5-dihydrooxazol-2-amine) (doc. 9750/14 CORDROGUE 33 SAN 200).
2. In conformity with Article 6(1) of Council Decision 2005/387/JHA, the Commission requested that the risk assessment be conducted (doc. 10613/14 CORDROGUE 43 SAN 222). Moreover, a number of Member States also asked for the risk assessment to take place.
3. As a consequence, COREPER is invited to propose that the Council requests that the risks, including the health and social risks, caused by the use of, the manufacture of, and traffic in 4,4'-DMAR, the involvement of organised crime and possible consequences of control measures, be assessed in accordance with the procedure set out in paragraphs 2 to 4 of Article 6 of the above-mentioned Council Decision.
4. Subsequently, the General Secretariat of the Council of the EU is invited to notify this request to the EMCDDA.
