 - (b) gillnets, entangling nets or trammel nets of a mesh size equal to or larger than 90 mm;
 - (c) bottom set lines, longlines except drifting lines, handlines and jigging equipment.
2. By way of derogation from point 1, and where efficient management of fishing opportunities so requires, a Member State may allocate to Union fishing vessels flying its flag the right to additional days absent from port where:
 - (a) an equal amount of days absent from port is withdrawn from other vessels flying its flag that are subject to effort restriction in the same area; and
 - (b) the capacity, in terms of kW, of each of the donor vessels is equal to, or larger than, that of the receiving vessels.
3. The number of vessels receiving rights pursuant to point 2 may not exceed 15% of the total number of vessels of the Member State concerned, as indicated in point 1.
