ANNEX 1

**ANNEX**

**to the**

**COMMISSION Regulation (EU) No .../..**

**amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna  
and flora by regulating trade therein**

## ANNEX

### Notes on interpretation of Annexes A, B, C and D

1. Species included in Annexes A, B, C and D are referred to:
  - (a) by the name of the species; or
  - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation 'spp.' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Directive 2009/147/EC of the European Parliament and of the Council<sup>1</sup> or Council Directive 92/43/EEC<sup>2</sup>.
5. The following abbreviations are used for plant taxa below the level of species:
  - (a) 'ssp.' is used to denote subspecies;
  - (b) 'var(s).' is used to denote variety (varieties); and
  - (c) 'fa.' is used to denote forma.
6. The symbols '(I)', '(II)' and '(III)' placed against the name of a species or higher taxon refer to the Appendices to the Convention in which the species concerned are listed as indicated in notes 7, 8 and 9. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.
7. (I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.
8. (II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.
9. (III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated.
10. 'Cultivar' means, following the definition of the 8th edition of the *International Code of Nomenclature for Cultivated Plants*, an assemblage of plants that (a) has been selected for a particular character or combination of characters, (b) is distinct, uniform, and stable in these characters, and (c) when propagated by appropriate means, retains those characters. No new taxon of a cultivar can be regarded as such until its category name and circumscription has been formally published in the latest edition of the *International Code of Nomenclature for Cultivated Plants*.
11. Hybrids may be specifically included in the Appendices but only if they form distinct and stable populations in the wild. Hybrid animals that have in their previous four generations of the lineage one or more specimens of species included in Annexes A or B shall be subject to this Regulation just as if they were full species, even if the hybrid concerned is not specifically included in the Annexes.

---

<sup>1</sup> Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds (OJ L 20, 26.1.2010, p. 7).

<sup>2</sup> Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora (OJ L 206, 22.7.1992, p. 7).

12. When a species is included in Annex A, B or C, all parts and derivatives of the species are also included in the same Annex unless the species is annotated to indicate that only specific parts and derivatives are included. In accordance with Article 2(t), the symbol ‘#’ followed by a number placed against the name of a species or higher taxon included in Annex B or C designates parts or derivatives which are specified in relation thereto for the purposes of this Regulation as follows:

- #1 Designates all parts and derivatives, except:
  - (a) seeds, spores and pollen (including pollinia);
  - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
  - (c) cut flowers of artificially propagated plants; and
  - (d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla*.
- #2 Designates all parts and derivatives, except:
  - (a) seeds and pollen; and
  - (b) finished products packaged and ready for retail trade.
- #3 Designates whole and sliced roots and parts of roots, excluding manufactured parts or derivatives, such as powders, pills, extracts, tonics, teas and confectionery.
- #4 Designates all parts and derivatives, except:
  - (a) seeds (including seedpods of Orchidaceae), spores and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from *Beccariophoenix madagascariensis* and *Neodypsis decaryi* exported from Madagascar;
  - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
  - (c) cut flowers of artificially propagated plants;
  - (d) fruits and parts and derivatives thereof of naturalized or artificially propagated plants of the genus *Vanilla* (Orchidaceae) and of the family Cactaceae;
  - (e) stems, flowers, and parts and derivatives thereof of naturalized or artificially propagated plants of the genera *Opuntia* subgenus *Opuntia* and *Selenicereus* (Cactaceae); and
  - (f) finished products of *Euphorbia antisiphilitica* packaged and ready for retail trade.
- #5 Designates logs, sawn wood and veneer sheets.
- #6 Designates logs, sawn wood, veneer sheets and plywood.
- #7 Designates logs, wood-chips, powder and extracts.
- #8 Designates underground parts (i.e. roots, rhizomes): whole, parts and powdered.
- #9 Designates all parts and derivatives, except those bearing a label ‘Produced from *Hoodia* spp. material obtained through controlled harvesting and production under the terms of an agreement with the relevant *CITES Management Authority of [Botswana under agreement No. BW/xxxxxx] [Namibia under agreement No. NA/xxxxxx] [South Africa under agreement No. ZA/xxxxxx]*’.
- #10 Designates logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments.
- #11 Designates logs, sawn wood, veneer sheets, plywood, powder and extracts.
- #12 Designates logs, sawn wood, veneer sheets, plywood and extracts. Finished products containing such extracts as ingredients, including fragrances, are not considered to be covered by this annotation.
- #13 Designates the kernel (also known as ‘endosperm’, ‘pulp’ or ‘copra’) and any derivative thereof.
- #14 Designates all parts and derivatives, except:
  - (a) seeds and pollen;
  - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
  - (c) fruits;
  - (d) leaves;
  - (e) exhausted agarwood powder, including compressed powder in all shapes; and
  - (f) finished products packaged and ready for retail trade, this exemption does not apply to beads, prayer beads and carvings.

13. The terms and expressions below, used in annotations in these Annexes, are defined as follows:

Extract

Any substance obtained directly from plant material by physical or chemical means regardless of the manufacturing process. An extract may be solid (e.g. crystals, resin, fine or coarse particles), semisolid (e.g. gums, waxes) or liquid (e.g. solutions, tinctures, oil and essential oils).

#### Finished products packaged and ready for retail trade

Products, shipped singly or in bulk, requiring no further processing, packaged, labelled for final use or the retail trade in a state fit for being sold to or used by the general public.

#### Powder

A dry, solid substance in the form of fine or coarse particles

#### Woodchips

Wood that has been reduced to small pieces

14. As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with Article 4(1), this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to this Regulation.
15. Urine, faeces and ambergris which are waste products and gained without the manipulation of the animal concerned are not subject to this Regulation.
16. In respect of fauna species listed in Annex D, this Regulation shall apply only to live specimens and whole, or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
  - § 1 Any whole, or substantially whole, skins, raw or tanned.
  - § 2 Any feathers or any skin or other part with feathers on it.
17. In respect of flora species listed in Annex D, this Regulation shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
  - § 3 Dried and fresh plants, including, where appropriate; leaves, roots/rootstock, stems, seeds/spores, bark and fruits.
  - § 4 Logs, sawn wood and veneer sheets.

3 Population of Argentina (listed in Annex B):

For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Annex B, in cloth and in derived manufactured products and other handicraft artefacts. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-ARGENTINA'. Other products must bear a label including the logotype and the designation 'VICUÑA-ARGENTINA-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

4 Population of Bolivia (listed in Annex B):

For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-BOLIVIA'. Other products must bear a label including the logotype and the designation 'VICUÑA-BOLIVIA-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

5 Population of Chile (listed in Annex B):

	<b>Annex A</b>	<b>Annex B</b>	<b>Annex C</b>	<b>Common name</b>
<b>Cervidae</b>	<p><i>Axis calamiensis</i> (I) <i>Axis kuhlii</i> (I)</p> <p><i>Axis porcinus annamiticus</i> (I) <i>Blastocercus dichotomus</i> (I)</p> <p><i>Cervus elaphus hanglu</i> (I) <i>Dama dama mesopotamica</i> (I) <i>Hippocamelus</i> spp. (I)</p> <p><i>Muntiacus crinifrons</i> (I) <i>Muntiacus vuquangensis</i> (I)</p> <p><i>Ozotoceros bezoarticus</i> (I) <i>Pudu puda</i> (I)</p>	<p><i>Cervus elaphus bactrianus</i> (II)</p> <p><i>Pudu mephistophiles</i> (II)</p>	<p><i>Axis porcinus</i> (III Pakistan (Except for the subspecies included in Annex A))</p> <p><i>Cervus elaphus barbarus</i> (III Algeria / Tunisia)</p> <p><i>Mazama temama cerasina</i> (III Guatemala)</p> <p><i>Odocoileus virginianus mayensis</i> (III Guatemala)</p>	<p><b>Deer, huemuls, muntjacs, pudus</b> Calamian deer Bawean deer Hog deer</p> <p>Indochina hog deer Marsh deer Bactrian deer Barbary deer</p> <p>Hangul Persian fallow deer Huemuls Central American red brocket</p> <p>Black muntjac Giant muntjac Guatemalan white-tailed deer</p> <p>Pampas deer Northern pudu Southern pudu</p>

For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Annex B, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-CHILE'. Other products must bear a label including the logotype and the designation 'VICUÑA-CHILE-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

6

Population of Ecuador (listed in Annex B):

For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA ECUADOR-ARTESANÍA'. Other products must bear a label including the logotype and the designation 'VICUÑA ECUADOR-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

7

Population of Peru (listed in Annex B):

For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in the stock extant at the time of the ninth meeting of the Conference of the Parties (November 1994) of 3249 kg of wool, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-PERU'. Other products must bear a label including the logotype and the designation 'VICUÑA-PERU-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

	<b>Annex A</b>	<b>Annex B</b>	<b>Annex C</b>	<b>Common name</b>
	<i>Rucervus duvaucelii</i> (I) <i>Rucervus eldii</i> (I)			Barasingha Eld's deer
<b>Hippopotamidae</b>		<i>Hexaprotodon liberiensis</i> (II) <i>Hippopotamus amphibius</i> (II)		<b>Hippopotamuses</b> Pygmy hippopotamus Common hippopotamus
<b>Moschidae</b>	<i>Moschus</i> spp. (I) (Only the populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan; all other populations are included in Annex B)	<i>Moschus</i> spp. (II) (Except for the populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan, which are included in Annex A)		<b>Musk deer</b> Musk deer
<b>Suidae</b>	<i>Babirusa babyrussa</i> (I) <i>Babirusa bolabatuensis</i> (I) <i>Babirusa celebensis</i> (I) <i>Babirusa togeanensis</i> (I) <i>Sus sabyanius</i> (I)			<b>Babirusa, hogs, pigs</b> Buru babirusa Bola Batu babirusa North Sulawesi babirusa Malenge babirusa Pygmy hog
<b>Tayassuidae</b>		<i>Tayassuidae</i> spp. (II) (Except for the species included in Annex A and excluding the populations of <i>Pecari tajacu</i> of Mexico and the United States, which are not included in the Annexes to this Regulation)		<b>Peccaries</b> Peccaries
<b>CARNIVORA</b>	<i>Catagonus wagneri</i> (I)			Chacoan peccary
<b>Ailuridae</b>	<i>Ailurus fulgens</i> (I)			Red panda
<b>Canidae</b>	<b>Canis lupus (I/II)</b> (All populations except those of Spain north of the Duero and Greece north of the 39th parallel. Populations of Bhutan, India, Nepal and Pakistan are listed in Appendix I; all other populations are listed in Appendix II. Excludes the domesticated form and the dingo which are referenced as <i>Canis lupus familiaris</i> and <i>Canis lupus dingo</i> )	<i>Canis lupus</i> (II) (Populations of Spain north of the Duero and Greece north of the 39th parallel. Excludes the domesticated form and the dingo which are referenced as <i>Canis lupus familiaris</i> and <i>Canis lupus dingo</i> )	<i>Canis aureus</i> (III India)	<b>Dogs, foxes, wolves</b> Golden jackal Grey wolf

<sup>9</sup> Populations of Botswana, Namibia, South Africa and Zimbabwe (listed in Annex B):

For the exclusive purpose of allowing: (a) trade in hunting trophies for non-commercial purposes; (b) trade in live animals to appropriate and acceptable destinations as defined in Resolution Conf. 11.20 for Botswana and Zimbabwe and for *in situ* conservation programmes for Namibia and South Africa; (c) trade in hides; (d) trade in hair; (e) trade in leather goods for commercial or non-commercial purposes for Botswana, Namibia and South Africa and for non-commercial purposes for Zimbabwe; (f) trade in individually marked and certified Ekipas incorporated in finished jewellery for non-commercial purposes for Namibia and ivory carvings for non-commercial purposes for Zimbabwe; (g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe whole tusks and pieces) subject to the following: (i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin); (ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP14) concerning government-owned ivory stocks and trade; (iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks; (iv) raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at CoP12 which are 20,000 kg (Botswana), 10,000 kg (Namibia) and 30,000 kg (South Africa); (v) in addition to the quantities agreed at CoP12, government-owned ivory from Botswana, Namibia, South Africa and Zimbabwe registered by 31 January 2007 and verified by the Secretariat may be traded and despatched, with the ivory in paragraph (g)(iv) above in a single sale per destination under strict supervision of the Secretariat; (vi) the proceeds of the trade are used exclusively for elephant conservation and community conservation and development programmes within or adjacent to the elephant range; and (vii) the additional quantities specified in paragraph (g)(v) above shall be traded only after the Standing Committee has agreed that the above conditions have been met; (h) no further proposals to allow trade in elephant ivory from populations already in Annex B shall be submitted to the Conference of the Parties for the period from CoP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraphs (g)(i), (g)(ii), (g)(iii), (g)(vi), and (g)(vii). In addition, such further proposals shall be dealt with in accordance with Decisions 14.77 and 14.78 (Rev. CoP15). On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

14

Artificially propagated hybrids of *Cymbidium*, *Dendrobium*, *Phalaenopsis* and *Vanda* are not subject to the provisions of this Regulation, when specimens are readily recognizable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and heterogeneous size and shape within a taxon and shipment, algae or other epiphyllous organisms adhering to leaves, or damage by insects or other pests; and

(a) when shipped in non flowering state, the specimens must be traded in shipments consisting of individual containers (such as cartons, boxes, crates or individual shelves of CC-containers) each containing 20 or more plants of the same hybrid; the plants within each container must exhibit a high degree of uniformity and healthiness; and the shipment must be accompanied by documentation, such as an invoice, which clearly states the number of plants of each hybrid; or

(b) when shipped in flowering state, with at least one fully open flower per specimen, no minimum number of specimens per shipment is required but specimens must be professionally processed for commercial retail sale, e.g. labelled with printed labels or packaged with printed packages indicating the name of the hybrid and the country of final processing. This should be clearly visible and allow easy verification.

Plants not clearly qualifying for the exemption must be accompanied by appropriate CITES documents.

	<b>Annex A</b>	<b>Annex B</b>	<b>Annex C</b>	<b>Common name</b>
	<p>For all of the following Annex A orchid species, seedling or tissue cultures are not subject to this Regulation, when:</p> <ul style="list-style-type: none"> <li>- they are obtained <i>in vitro</i>, in solid or liquid media, and</li> <li>- meet the definition of 'artificially propagated' in accordance with Article 56 of Commission Regulation (EC) No 865/2006<sup>15</sup>, and</li> <li>- when introduced into or (re-)exported from the Union are transported in sterile containers</li> </ul> <p><i>Aerangis ellisii</i> (I)</p> <p><b><i>Cephalanthera cucullata</i> (II)</b></p> <p><b><i>Cypripedium calceolus</i> (II)</b></p> <p><i>Dendrobium cruentum</i> (I)</p> <p><b><i>Goodyera macrophylla</i> (II)</b></p> <p><i>Laelia jongheana</i> (I)</p> <p><i>Laelia lobata</i> (I)</p> <p><b><i>Liparis loeselii</i> (II)</b></p> <p><b><i>Ophrys argolica</i> (II)</b></p> <p><b><i>Ophrys lunulata</i> (II)</b></p> <p><b><i>Orchis scopolorum</i> (II)</b></p> <p><i>Paphiopedilum</i> spp. (I)</p> <p><i>Peristeria elata</i> (I)</p> <p><i>Phragmipedium</i> spp. (I)</p> <p><i>Renanthera inschootiana</i> (I)</p> <p><b><i>Spiranthes aestivalis</i> (II)</b></p>			<p>Hooded helleborine</p> <p>Lady's slipper orchid</p> <p>Madeiran lady's-tresses</p> <p>Fen orchid</p> <p>Eyed bee orchid</p> <p>Crescent ophrys</p> <p>Madeiran orchid</p> <p>Asian slipper orchids</p> <p>Holy ghost orchid</p> <p>South American slipper orchids</p> <p>Red vanda</p> <p>Summer lady's-tresses</p> <p><b>Broomrapes</b></p> <p>Desert cistanche</p> <p><b>Palms</b></p> <p>Manarano</p> <p>Butterfly palm</p>
