1. On 10 September 2014, the Council received a draft COMMISSION DECISION of XXX authorising France to derogate pursuant to Article 14(6) of Regulation (EC) No 216/2008 of the European Parliament and of the Council from certain common aviation safety rules concerning supplemental oxygen dispensing units and outlets in an aeroplane passenger compartment (docs. 13109/14 + ADD 1).

2. Delegations were asked to submit any comments on this file by 20 October 2014. Delegations have not provided any indication that there is any reason to oppose the draft measures in question on the grounds described in Decision 1999/468, namely that they:
