(\*) The data submitted by the UK includes the early auctioning of ETS Phase III allowances in 2012.

(\*\*) Finland currently channels all auctioning revenues to Official Development Assistance activities, including climate finance, which will account for 50% of these revenues. During the reporting year FI allocated approximately € 7 million of revenues, of which € 2 million were used for international purposes related to climate and energy. The use of the remainder of the funds will be reported in subsequent years.

(\*\*\*) includes revenues that LV and SK plan to use for climate related purposes through a new financial instrument which will be funded directly from auctioning revenues.

(\*\*\*\*) does not include Cyprus (no reporting provided).

(\*\*\*\*) does not include Belgium (share of revenues used for climate & energy related purposes not reported) and Cyprus.
