(18) In the context of Article 7 of Regulation (EC) No 223/2009, the European Statistical System Committee has been asked to provide its professional guidance.	(18) In the context of Article 7 of Regulation (EC) No 223/2009, the European Statistical System Committee has been asked to provide its professional guidance.	
(19) Regulation (EC) No 2494/95 should be repealed.	(19) Regulation (EC) No 2494/95 should be repealed.	
HAVE ADOPTED THIS REGULATION:		
Article 1 - Subject matter		
This Regulation lays down a common framework for the development, production and dissemination of harmonised indices of consumer prices (HICP) and of housing prices (HPI) at Union, national and sub-national level.	This Regulation lays down a common framework for the development, production and dissemination of harmonised indices [...] at Union, national and sub-national level.	According to the definition (m). The Commission is invited to clarify the term “sub-national level” and give a reason for its inclusion.
Article 2 - Definitions		
For the purposes of this Regulation the following definitions apply:	For the purposes of this Regulation the following definitions apply:	
(a) ‘Development of statistics’ means establishing and improving statistical methods, standards and procedures used in the production and dissemination of statistics, with the aim of designing new statistical measures and indicators;	(a) ‘development of statistics’ means establishing and improving statistical methods, standards and procedures used in the production and dissemination of statistics, with the aim of designing new statistical measures and indicators;	(a), (b), (c) definitions are explained in the Regulation 223/2009 and therefore these provisions are superfluous. The Presidency invites delegations to consider deletion of definitions (a), (b) and (c).

COMMISSION PROPOSAL	LV PRESIDENCY PROPOSAL Changes to the Commission proposal are indicated in bold	COMMENTS
(b) 'Production of statistics' means all steps involved in compiling statistics, including collecting, storing, processing and analysing statistics;	(b) 'production of statistics' means all steps involved in compiling statistics, including collecting, storing, processing and analysing statistics;	
(c) 'dissemination of statistics' means the activity of making statistics, statistical analyses and non-confidential information accessible to users;	(c) 'dissemination of statistics' means the activity of making statistics, statistical analyses and non-confidential information accessible to users;	
(d) 'products' means goods and services as defined in Annex A, point 3.01 of Regulation (EU) No 549/2013 of the European Parliament and of the Council ⁷ (hereinafter referred to as 'ESA 2010');	(d) 'products' means goods and services as defined in Annex A, point 3.01 of Regulation (EU) No 549/2013 of the European Parliament and of the Council ⁷ (hereinafter referred to as 'ESA 2010');

Where such a calculation is not possible, the consequences of using a methodology which deviates from the concepts or methods of this Regulation must be set out in detail.		The Presidency invites the Commission to comment on the proposed deviation.
3. The Commission shall be empowered to adopt delegated acts in accordance with Article 10 for the modification of the Annex in order to ensure comparability of the harmonised indices at international level.	Where such a calculation is not possible, the consequences of using a methodology which deviates from the concepts or methods of this Regulation must be set out in detail.	The Presidency invites delegations to consider necessity to specify the form of explanation of consequences (for example, in the quality report)
4. In order to ensure uniform conditions, the appropriate methodology for producing comparable harmonised indices shall be defined by means of implementing acts. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 11(2).	3. The Commission shall be empowered to adopt delegated acts in accordance with Article 10 for the modification of the Annex to ensure consistency with relevant international standards in order to ensure comparability of the harmonised indices at international level.	The changes clarify the scope to adopt delegated act
4. In order to ensure uniform conditions, the appropriate methodology for producing comparable harmonised indices shall be defined by means of implementing acts. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 11(2).	4. In order to ensure uniform conditions, the appropriate methodology for producing comparable harmonised indices shall be defined by means of implementing acts. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 11(2).	The Presidency invited the Commission to clarify the correspondence between the recommendations provided for in the “methodological manual” as mentioned in Recital 10 and the “appropriate methodology for producing comparable harmonised indices” to be defined by legally binding implementing acts in Article 4(4).
