Key Rights under the EU Package Travel Directive

- **Travellers receive all essential information about the holiday before signing the contract.**
- **There is always at least one party that is liable for the correct performance of all the services included in the contract.**
- **Travellers are given an emergency number or a contact point where they can get in touch with the organiser or the travel agent.**
- **Travellers can transfer the package to another person, possibly subject to a fee, if they cannot leave on holiday themselves.**
- **The price of the trip cannot be changed later than 20 days before departure and only for specific reasons. If the increase exceeds 8% the traveller may terminate the contract. If the organiser reserves the right to a price increase the traveller has a right to a price reduction under the same circumstances.**
- **Travellers may cancel the contract free of charge and get their money back if any of the essential elements of the package, other than the price, are changed. If, before departure, the trader responsible for the holiday cancels the package, travellers are entitled to a refund and compensation where appropriate.**
- **Travellers may cancel the contract free of charge before departure in exceptional circumstances, for instance if there are serious security problems at the destination which are likely to affect the holiday.**
- **Additionally, travellers may always cancel the contract against a fee, including where they wish to cancel for personal reasons.**

- **If, after departure, significant parts of the package cannot be provided as agreed, alternative arrangements have to be made, at no extra cost, so that travellers can continue their holiday.**
- **The organiser has to provide assistance if a traveller is in difficulty.**
- **If the trader responsible becomes insolvent, payments will be refunded. If the trader becomes insolvent after departure of the traveller and if transport is included in the trip or holiday, repatriation of the travellers is secured. XY has taken out insolvency protection with YZ [contact details of the insurance body/authority providing insolvency protection]. You may contact this body/authority if services are denied because of XY's insolvency.**

- **Travellers receive all essential information about the holiday before signing the contract.**
- **There is always at least one party that is liable for the correct performance of all the services included in the contract.**
- **Travellers are given an emergency number or a contact point where they can get in touch with the organiser or the travel agent.**
- **Travellers can transfer the package to another person, possibly subject to a fee, if they cannot leave on holiday themselves.**
- **The price of the trip cannot be changed later than 20 days before departure and only for specific reasons. If the increase exceeds 8% the traveller may terminate the contract. If the organiser reserves the right to a price increase the traveller has a right to a price reduction under the same circumstances.**
- **Travellers may cancel the contract free of charge and get their money back if any of the essential elements of the package, other than the price, are changed. If, before departure, the trader responsible for the holiday cancels the package, travellers are entitled to a refund and compensation where appropriate.**
- **Travellers may cancel the contract free of charge before departure in exceptional circumstances, for instance if there are serious security problems at the destination which are likely to affect the holiday.**
- **Additionally, travellers may always cancel the contract against a fee, including where they wish to cancel for personal reasons.**
- **If, after departure, significant parts of the package cannot be provided as agreed, alternative arrangements have to be made, at no extra cost, so that travellers can continue their holiday.**

- The organiser has to provide assistance if a traveller is in difficulty.
- If the trader responsible becomes insolvent, payments will be refunded. If the trader becomes insolvent after departure of the traveller and if transport is included in the trip or holiday, repatriation of the travellers is secured. XY has taken out insolvency protection with YZ [contact details of the insurance body/authority providing insolvency protection].
