No. Cion doc.: 5625/15 AGRILEG 12 VETER 5

Subject: Commission Regulation (EU) No ... /.. of XXX amending the definition of specified risk material set out in Annex V to Regulation (EC) No 999/2001 of the European Parliament and of the Council laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies

- Decision not to oppose the adoption (regulatory procedure with scrutiny)

1. On 16 January 2015, following the positive opinion of the Commission's Standing Committee on Plants, Animals, Food and Feed (on 16 December 2014), the Commission submitted for scrutiny by the Council and the European Parliament a draft Commission Regulation (EU) No ... /.. of XXX amending the definition of specified risk material set out in Annex V to Regulation (EC) No 999/2001 of the European Parliament and of the Council laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies.
2. The Working Group of Agricultural Counsellors/Attachés considered through an informal written procedure that there are no grounds for the Council to oppose the adoption of the draft Commission Regulation.

3. The Permanent Representatives Committee is therefore invited:

- to confirm the agreement reached by the Working Group, and
 - to ask the Council to confirm, as an "A" item on its agenda, that it is not opposed to the draft measure proposed by the Commission.
